TITLE II—ADVANCED TECHNOLOGY PROGRAM AMENDMENTS

Emerging Technologies and Advanced Technology Program Amendments Act of 1991. Business and industry. 15 USC 271 note. 15 USC 278n note.

SEC. 201. EMERGING TECHNOLOGIES RESEARCH AND DEVELOPMENT.

(a) SHORT TITLE.—This title may be cited as the "Emerging Technologies and Advanced Technology Program Amendments Act of 1991".

(b) FINDINGS AND PURPOSES.—(1) The Congress finds that—

(A) technological innovation and its profitable inclusion in commercial products are critical components of the ability of the United States to raise the living standards of Americans and to compete in world markets;

(B) maintaining viable United States-based high technology industries is vital to both the national security and the economic well-being of the United States;

(C) the Department of Commerce has reported that the United States is losing or losing badly, relative to Japan and Europe, in many important emerging technologies and risks losing much of the $350,000,000,000 United States market and $1,000,000,000,000 world market expected to develop by the year 2000 for products based on emerging technologies;

(D) it is in the national interest for the Federal Government to encourage and, in selected cases, provide limited financial assistance to industry-led private sector efforts to increase research and development in economically critical areas of technology;

(E) joint ventures are a particularly effective and appropriate way to pool resources to conduct research that no single company is likely to undertake but which will create new generic technologies that will benefit an entire industry and the welfare of the Nation;

(F) it is vital that industry within the United States attain a leadership role and capability in development, design, and manufacturing in fields such as high-resolution information systems, advanced manufacturing, and advanced materials; and

(G) the Advanced Technology Program, established under section 28 of the National Institute of Standards and Technology Act (15 U.S.C. 278n), is the appropriate vehicle for the United States Government to provide limited assistance to joint development within the United States of new high technology capabilities in fields such as high-resolution information systems, advanced manufacturing technology, and advanced materials, and can help encourage United States industry to work together on problems of mutual concern.

(2) The purposes of this section are—

(A) to strengthen the Advanced Technology Program created under section 28 of the National Institute of Standards and Technology Act (15 U.S.C. 278n), and to provide improved guidelines for the allocation of Advanced Technology Program funds appropriated under the authorizations contained in section 105 of this Act;

(B) to promote and assist in the development of advanced technologies and the generic application of such technologies to civilian products, processes, and services;

(C) to improve the competitive position of United States industry by supporting industry-led research and development projects in areas of emerging technology which have substantial potential to advance the economic well-being and national security of the United States, such as high-resolution information systems, advanced manufacturing technology, and advanced materials; and

(D) to support projects that range from idea exploration to prototype development and address long-term, high-risk areas of technological research, development, and application that are not otherwise being adequately developed by the private sector, but are likely to yield important benefits to the Nation.

(c) ADVANCED TECHNOLOGY PROGRAM.—(1) Section 28(a) of the National Institute of Standards and Technology Act (15 U.S.C. 278n(a)), is amended by adding at the end the following new sentence: "In operating the Program, the Secretary and Director shall, as appropriate, be guided by the findings and recommendations of the Biennial National Critical Technology Reports prepared pursuant to section 603 of the National Science and Technology Policy, Organization, and Priorities Act of 1976 (42 U.S.C. 6683).".

(2) Section 28(b)(1) of the National Institute of Standards and Technology Act (15 U.S.C. 278n(b)(1)), is amended by inserting "industry-led" immediately after "aid".

(3) Section 28(b)(1)(B) of the National Institute of Standards and Technology Act (15 U.S.C. 278n(b)(1)(B)), is amended by inserting "by means of grants, cooperative agreements, or contracts" immediately after "such joint ventures".

(4) Section 28(b)(2) of the National Institute of Standards and Technology Act (15 U.S.C. 278n(b)(2)), is amended to read as follows:

Grants.
Contracts.

"(2) provide grants to and enter into contracts and cooperative agreements with United States businesses (especially small businesses), provided that emphasis is placed on applying the Institute's research, research techniques, and expertise to those organizations' research programs;".

(5) Section 28(d)(2) of the National Institute of Standards and Technology Act (15 U.S.C. 278n(d)(2)) is amended to read as follows:

"(2) In the case of joint ventures, the Program shall not make an award unless the award will facilitate the formation

of a joint venture or the initiation of a new research and development project by an existing joint venture.".

(6) Section 28(d) of the National Institute of Standards and Technology Act (15 U.S.C. 278n(d)(7)) is amended—

(A) by striking paragraph (7);

(B) by redesignating paragraphs (8) and (9) as paragraphs (7) and (8), respectively; and

(C) by adding at the end the following new paragraphs:

"(9) A company shall be eligible to receive financial assistance under this section only if—

"(A) the Secretary finds that the company's participation in the Program would be in the economic interest of the United States, as evidenced by investments in the United States in research, development, and manufacturing (including, for example, the manufacture of major components or subassemblies in the United States); significant contributions to employment in the United States; and agreement with respect to any technology arising from assistance provided under this section to promote the manufacture within the United States of products resulting from that technology (taking into account the goals of promoting the competitiveness of United States industry), and to procure parts and materials from competitive suppliers; and

"(B) either—

"(i) the company is a United States-owned company; or

"(ii) the Secretary finds that the company is incorporated in the United States and has a parent company which is incorporated in a country which affords to United States-owned companies opportunities, comparable to those afforded to any other company, to participate in any joint venture similar to those authorized under this Act; affords to United States-owned companies local investment opportunities comparable to those afforded to any other company; and affords adequate and effective protection for the intellectual property rights of United States-owned companies.

"(10) Grants, contracts, and cooperative assignments under this section shall be designed to support projects which are high risk and which have the potential for eventual substantial widespread commercial application. SEC. 102. FINDINGS.

16 USC 410tt.

The Congress finds that the Salt River Bay area of the north central coast of St. Croix, United States Virgin Islands—

(1) has been inhabited, possibly as far back as 2000 B.C., and encompasses all major cultural periods in the United States Virgin Islands;

(2) contains the only ceremonial ball court ever discovered in the Lesser Antilles, village middens, and burial grounds which can provide evidence for the interpretation of Caribbean life prior to Columbus;

(8) is worthy of a comprehensive preservation effort that should be carried out in partnership between the Federal Government and the Government of the United States Virgin Islands.

Joint Resolution

Mar. 10, 1992
[H.J. Res. 395]

Designating February 6, 1992, as "National Women and Girls in Sports Day".

Whereas women's athletics is one of the most effective avenues available for women of the United States to develop self-discipline, initiative, confidence, and leadership skills;

Whereas support and fitness activity contributes to emotional and physical well-being;

Whereas women need strong bodies as well as strong minds;

Whereas the history of women in sports is rich and long, but there has been little national recognition of the significance of women's athletic achievements;

Whereas the number of women in leadership positions as coaches, officials, and administrators has declined drastically over the last 14 years;

Whereas there is a need to restore women to leadership positions in athletics to ensure a fair representation of the abilities of women and to provide role models for young female athletes;

Whereas the bonds built between women through athletics help to break down the social barriers of racism and prejudice;

Whereas the communication and cooperation skills learned through athletic experience play a key role in the contributions of an athlete at home, at work, and to society;

Whereas women's athletics has produced such winners as Flo Hyman, whose spirit, talent, and accomplishments distinguish her above others and exhibited the true meaning of fairness, determination, and team play;

Whereas parents feel that sports are equally important for boys and girls and that sports and fitness activities provide important benefits to girls who participate;

Whereas early motor-skill training and enjoyable experiences of physical activity strongly influence long-life habits of physical fitness;

Whereas the performances of such female athletes as Jackie Joyner-Kersee, Florence Griffith Joyner, Bonnie Blair, Janet Evans, the United States Women's Basketball Team and many others in the 1988 Olympic Games were a source of inspiration and pride to the United States;

Whereas the athletic opportunities for male students at the collegiate and high school level remain significantly greater than those for female students; and

Whereas the number of funded research projects focusing on the specific needs of women athletes is limited and the information provided by these projects is imperative to the health and performance of future women athletes: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That—

(1) February 6, 1992 is designated as "National Women and Girls in Sports Day"; and

(2) the President is authorized and requested to issue a proclamation calling on local and State jurisdictions, appropriate Federal agencies, and the people of the United States to observe the day with appropriate ceremonies and activities.

Approved March 10, 1992.

[S.J. Res. 240]

Designating March 25, 1992 as "Greek Independence Day: A National Day of Celebration of Greek and American Democracy".

Whereas the ancient Greeks developed the concept of democracy, in which the supreme power to govern was vested in the people;
Whereas the Founding Fathers of the United States of America drew heavily upon the political and philosophical experience of ancient Greece in forming our representative democracy;
Whereas March 25, 1992 marks the one hundred seventy-first anniversary of the beginning of the revolution which freed the Greek people from the Ottoman Empire;
Whereas these and other ideals have forged a close bond between our two nations and their peoples; and
Whereas it is proper and desirable to celebrate with the Greek people, and to reaffirm the democratic principles from which our two great nations sprang: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That March 25, 1992 is designated as "Greek Independence Day: A National Day of Celebration of Greek and American Democracy", and that the President of the United States is authorized and requested to issue a proclamation calling upon the people of the United States to observe the designated day with appropriate ceremonies and activities.

To designate the week beginning April 12, 1992, as "National Public Safety Telecommunicators Week".

Mar. 26, 1992
[H.J. Res. 284]

Whereas over one-half million dedicated men and women are engaged in the operation of emergency response systems for Federal, State, and local governmental entities throughout the United States;

Whereas these individuals are responsible for responding to the telephone calls of the general public for police, fire, and emergency medical assistance and for dispatching said assistance to help save the lives and property of our citizens;

Whereas such calls include not only police, fire, and emergency medical service calls but those governmental communications related to forestry and conservation operations, highway safety and maintenance activities, and all of the other operations which the modern governmental agency must conduct; and

Whereas America's public safety telecommunicators daily serve the public in countless ways without due recognition by the beneficiaries of their services: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the week beginning April 12, 1992, is designated as "National Public Safety Telecommunicators Week", and the President is authorized and requested to issue a proclamation calling on the people of the United States to observe the week with appropriate ceremonies and activities.

Joint Resolution

Apr. 2, 1992
[H.J. Res. 272]

To proclaim March 20, 1992, as "National Agriculture Day".

Whereas agriculture is the Nation's largest and most basic industry, and its associated production, processing, and marketing segments together provide more jobs than any other single industry;

Whereas the United States agricultural sector serves all Americans by providing food, fiber, and other basic necessities of life;

Whereas the performance of the agricultural economy is vital to maintaining the strength of our national economy, the standard of living of our citizens, and our presence in world trade markets;

Whereas the Nation's heritage of family-owned and family-operated farms and ranches has been the core of the American agricultural system and continues to be the best means for assuring the protection of our natural resources and the production of an adequate and affordable supply of food and fiber for future generations of Americans;

Whereas the American agricultural system provides American consumers with a stable supply of the highest quality food and fiber for the lowest cost per capita in the world;

Whereas American agriculture continually seeks to maintain and improve the high level of product quality and safety expected by the consumer;

Whereas the public should be aware of the contributions of all people—men and women—who are a part of American agriculture and its contributions to American life, health, and prosperity;

Whereas women play a vital role in maintaining the family farm system, both as sole operators and as working partners, and are also attaining important leadership roles throughout the American agricultural system;

Whereas farmworkers are an indispensable part of the agricultural system as witnessed by their hard work and dedication;

Whereas scientists and researchers play an integral part in the agricultural system in their search for better and more efficient ways to produce and process safe and nutritious agricultural products;

Whereas farmers and food processors are responding to the desire of health-conscious American consumers by developing more health-oriented food products;

Whereas distributors play an important role in transporting agricultural products to retailers who in turn make the products available to the consumer;

Whereas our youth—the future of our Nation—have become involved through various organizations in increasing their understanding and our understanding of the importance of agriculture in today's society;

Whereas it is important that all Americans should understand the role that agriculture plays in their lives and well-being, whether they live in urban or rural areas; and

Whereas since 1973, the first day of spring has been celebrated as National Agriculture Day by farmers and ranchers, commodity and farm organizations, cooperatives and agribusiness organizations, nonprofit and community organizations, other persons involved in the agricultural system, and Federal, State, and local governments: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That March 20, 1992, is proclaimed "National Agriculture Day", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe this day with appropriate ceremonies and activities during the week of March 15 through March 21.

Joint Resolution

Apr. 13, 1992
[H.J. Res. 410]

Designating April 14, 1992, as "Education and Sharing Day, U.S.A.".

Whereas Congress recognizes the historical tradition of ethical values and principles which are the basis of civilized society and upon which our great Nation, the United States of America, was founded;

Whereas President George W. Bush, distinguished leader of our great Nation, stated "Ethical values are the foundation for civilized society. A society that fails to recognize or adhere to them cannot endure.";

Whereas these ethical values and principles have been the cornerstone of society since the dawn of civilization when they were known as the Seven Noahide Laws;

Whereas the Government of the United States and its citizens are committed to the ideals of social equality and the right of each and every person to share in the bounty the world has to offer—ideals deeply rooted in our Nation's history and boldly affirmed by the miraculous changes of the past year;

Whereas our Nation has recently witnessed the beginning triumph of these values through wonders around the world of biblical proportions;

Whereas the end of the Cold War heralds the beginning of an era where individual rights and human dignity become paramount and where the dream of a world in which material and spiritual deprivation is replaced by human kindness and compassion becomes a reality;

Whereas the absolute necessity of mutual responsibility and concern for the needy has been of particular concern to "the Rebbe", Rabbi Menachem M. Schneerson, leader of the Lubavitch movement;

Whereas the Lubavitch movement, through the establishment of over 1,000 social welfare and educational institutions throughout the world under the leadership of "the Rebbe", has long supported and promoted dedication to education and selfless concern for others;

Whereas Rabbi Menachem M. Schneerson has recently issued a worldwide call for a revitalized dedication to loving kindness, charity, and sharing between man and his fellow man;

Whereas Rabbi Menachem M. Schneerson is universally revered by all faiths, respected as spiritual leader of world Jewry, and his 90th birthday falls on April 14, 1992;

Whereas in tribute to this great spiritual leader, "the Rebbe", his birthday will be designated as "Education and Sharing Day U.S.A." and this year, his 91st, will mark a new beginning in an age-old commitment to education, accompanied by an increase in general acts of sharing with another, in order to return the world to the moral and ethical values contained in the Seven Noahide Laws; and

Whereas this will be reflected in an international scroll of honor signed by the President of the United States and other heads of state: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That April 14, 1992, the birthday and the start of the 91st year of Rabbi Menachem Mendel Schneerson, leader of the worldwide Lubavitch movement, is designated as "Education and Sharing Day, U.S.A.". The President is requested to issue a proclamation calling upon the people of the United States to observe such day with appropriate ceremonies and activities.

Joint Resolution

Apr. 15, 1992
[S.J. Res. 246]

To designate April 15, 1992 as "National Recycling Day".

Whereas the United States generates over 180 million tons of municipal solid waste each year—almost double the amount produced in 1965, and amounting to about 4 pounds per person per day—and the amount is expected to increase to 216 million tons of garbage annually by the year 2000;

Whereas the continued generation of enormous volumes of solid waste each year presents unacceptable threats to human health and the environment;

Whereas the Environmental Protection Agency expects that 27 States will run out of landfill capacity for municipal solid waste within 5 years and that a large percentage of currently operating landfills will close by the year 2000 either because they are filled or because their design and operation do not meet Federal or State standards for protection of human health and the environment, requiring that waste now disposed of in these facilities will have to be disposed through other means;

Whereas a significant amount of waste can be diverted from disposal by the utilization of source separation, mechanical separation and community-based recycling programs;

Whereas recycling can save energy, reduce our dependence on foreign oil, has substantial materials conservation benefits and can prevent the pollution created from extracting resources from their natural environment;

Whereas the revenues recovered by recycling programs offset the costs of solid waste management and some communities have established recycling programs which provide significant economic benefits to members of the community;

Whereas the current level of municipal solid waste recycling in the United States is low, although some communities have set a much higher rate;

Whereas to reach a goal of increased recycling, more materials need to be separated, collected, processed, marketed and manufactured into new products;

Whereas a well-developed system exists for recycling scrap metals, aluminum cans, glass and metal containers, paper and paperboard, and is reducing the quantity of waste entering landfills or incinerators and saving manufacturers energy costs;

Whereas recycling of plastics is in the early stages of development and considerable market potential exists to increase the recycling;

Whereas yard and food waste is an important part of municipal solid waste and a large potential exists for mulching and composting the waste which would save both landfill space and nourish soil, but only small amounts of this material is currently being recycled;

Whereas Federal, State and local governments should enact legislative measures that will increase the amount of solid waste that is recycled;

Whereas Federal, State and local governments should encourage the development of markets for recyclable goods;

Whereas Federal, State and local governments should promote the design of products that can be recycled safely and efficiently;

Whereas the success of recycling programs depends on the ability of informed consumers and businesses to make decisions regarding recycling and recycled products and to participate in recycling programs; and

Whereas the people of the United States should be encouraged to participate in educational, organizational and legislative endeavors that promote waste separation methods, community-based recycling programs and expanded utilization of recovered materials: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That April 15, 1992, is designated as "National Recycling Day". The President of the United States is authorized and requested to issue a proclamation calling on the people of the United States to observe the day with appropriate ceremonies and activities.

Joint Resolution

Apr. 16, 1992
[S.J. Res. 271]

Expressing the sense of the Congress regarding the peace process in Liberia and authorizing limited assistance to support this process.

Whereas the civil war in Liberia, begun in December 1989, has devastated that country, killing an estimated 25,000 civilians and forcing hundreds of thousands of Liberians to flee their homes;

Whereas in an effort to end the fighting, the parties to the Liberian conflict and the leaders of the West African states signed a peace accord in Yamoussoukro, Cote d'Ivoire on October 30, 1991;

Whereas this agreement sets in motion a peace process, including the encampment and disarmament of the fighters and culminating in the holding of free and fair elections;

Whereas despite several difficulties, this peace process continues to proceed largely on track, including the recent opening of roads in Liberia and the initiation of the political campaigns by several parties; and

Whereas the election process outlined in the Yamoussoukro agreement is essential for reestablishing peace, democracy and reconciliation in Liberia, and limited United States assistance could play an important role in promoting this process: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That (a) the Congress—

22 USC 2151 note.

(1) strongly supports the peace process for Liberia initiated by the Yamoussoukro peace accord;

(2) urges all parties to abide by the terms of the Yamoussoukro agreement;

(3) commends and congratulates the governments of the Economic Community of West African States (ECOWAS) for their leadership in seeking peace in Liberia; and

(4) extends particularly praise to President Babangida of Nigeria, President Houphouet-Boigny of Cote d'Ivoire, and President Diouf of Senegal for their efforts to resolve this conflict.

President.

(b) AUTHORIZATION OF LIMITED ASSISTANCE.—Notwithstanding section 620(q) of the Foreign Assistance Act of 1961 or any similar provision, the President is authorized to provide—

(1) nonpartisan election and democracy-building assistance to support democratic institutions in Liberia, and

(2) assistance for the resettlement of refugees, the demobilization and retraining of troops, and the provision of other appropriate assistance to implement the Yamoussoukro peace accord:

Provided, That the President determines and so certifies to the Committee on Foreign Relations and the Committee on Appropriations of the Senate and the Committee on Foreign Affairs and the Committee on Appropriations of the House of Representatives

that Liberia has made significant progress toward democratization and that the provision of such assistance will assist that country in making further progress and is otherwise in the national interest of the United States. A separate determination and certification shall be required for each fiscal year in which such assistance is to be provided.

An Act

To assure the people of the Horn of Africa the right to food and the other basic necessities of life and to promote peace and development in the region.

Apr. 21, 1992
[S. 985]

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

Horn of Africa Recovery and Food Security Act.
Ethiopia.
Somalia.
Sudan.
Djibouti.
Foreign relations.
22 USC 2151 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "Horn of Africa Recovery and Food Security Act".

22 USC 2151 note.

SEC. 2. FINDINGS.

The Congress makes the following findings:

(1) The Horn of Africa (the region comprised of Ethiopia, Somalia, Sudan, and Djibouti) is characterized by an extraordinary degree of food insecurity as a result of war, famine, mounting debt, recurrent drought, poverty, and agricultural disruption, as well as gross violations of human rights, political repression, environmental destruction, and the breakdown of such essential services as primary education and health care.

(2) Internal conflict and famine have killed an estimated 2,000,000 people in Ethiopia, Sudan, and Somalia since 1985, and generated another 8,000,000 displaced persons and refugees, a number so high as to make millions wards of the United Nations and the international community. Relief officials now estimate that another 15,000,000 to 20,000,000 people are threatened by starvation as civil war and drought continue to ravage the area.

(3) Governments and armed opposition groups in Ethiopia, Sudan, and Somalia have been guilty of gross violations of human rights, which further erode food security in those countries.

(4) Assistance policies have failed in large part because of political and economic insecurity, which have prevented the development of programs to achieve sustainable development and programs to achieve food security.

(5) Appropriate assistance should promote real food security, which means access by all people at all times to enough food for an active and healthy life and the availability of sufficient income and food to prevent chronic dependency upon food assistance.

(6) The end of the Cold War rivalries in the Horn of Africa affords the United States the opportunity to develop a policy which addresses the extraordinary food security problem in the region.

(7) Notwithstanding other pressing needs, the United States must accordingly fashion a new foreign policy toward the Horn of Africa and cooperate with other major donors and the United Nations—

(A) to develop an emergency relief plan which meets the immediate basic human needs that arise as long as civil strife and famine afflict the region;

(B) to promote immediately cease-fires, secure relief corridors, and an end to these conflicts; and

(C) to provide creative developmental assistance which attacks the root causes of famine and war and assists these nations on the path to long-term security, reconstruction, voluntary repatriation, economic recovery, democracy, and peace, and which targets assistance to assist the poor majority more effectively.

22 USC 2151 note.

SEC. 3. STATEMENT OF POLICY REGARDING INDIVIDUAL COUNTRIES.

(a) ETHIOPIA.—It is the sense of the Congress that the President should—

(1) call upon the authorities who now exercise control over the central government in Ethiopia to protect the basic human rights of all citizens, to release from detention all political prisoners and other detainees who were apprehended by the Mengistu regime, and to facilitate the distribution of international relief and emergency humanitarian assistance throughout the country;

(2) urge all authorities in Ethiopia to make good faith efforts to—

(A) make permanent the cease-fire now in place and to permit the restoration of tranquility in the country, and

(B) make arrangements for a transitional government that is broadly-based, that accommodates all appropriate points of view, that respects human rights, and that is committed to a process of reform leading to the writing of a constitution and the establishment of representative government; and

(3) support efforts to ensure that the people of Eritrea are able to exercise their legitimate political rights, consistent with international law, including the right to participate actively in the determination of their political future, and call upon the authorities in Eritrea to keep open the ports of Mitsiwa and Aseb and to continue to permit the use of those ports for the delivery and distribution of humanitarian assistance to Eritrea and to Ethiopia as a whole.

(b) SOMALIA.—It is the sense of the Congress that the President should—

(1) use whatever diplomatic steps he considers appropriate to encourage a peaceful and democratic solution to the problems in Somalia;

(2) commit increased diplomatic resources and energies to resolving the fundamental political conflicts which underlie the protracted humanitarian emergencies in Somalia; and

(3) ensure, to the maximum extent possible and in conjunction with other donors, that emergency humanitarian assistance is being made available to those in need, and that none of the beneficiaries belong to military or paramilitary units.

(c) SUDAN.—It is the sense of the Congress that the President should—

(1) urge the Government of Sudan and the Sudanese People's Liberation Army to adopt at least a temporary cessation of

hostilities in order to assure the delivery of emergency relief to civilians in affected areas;

(2) encourage active participation of the international community to meet the emergency relief needs of Sudan; and

(3) take steps to achieve a permanent peace.

SEC. 4. HORN OF AFRICA RELIEF AND REHABILITATION PROGRAM. 22 USC 2151 note.

(a) EQUITABLE DISTRIBUTION OF RELIEF AND REHABILITATION ASSISTANCE.—It should be the policy of the United States in promoting equitable distribution of relief and rehabilitation assistance in the Horn of Africa—

(1) to assure noncombatants (particularly refugees and displaced persons) equal and ready access to all food, emergency, and relief assistance and, if relief or relief agreements are blocked by one faction in a region, to continue supplies to the civilian population located in the territory controlled by any opposing faction;

(2) to provide relief, rehabilitation, and recovery assistance to promote self-reliance; and

(3) to assure that relief is provided on the basis of need without regard to political affiliation, geographic location, or the ethnic, tribal, or religious identity of the recipient.

(b) MAXIMIZING INTERNATIONAL RELIEF EFFORTS.—It should be the policy of the United States in seeking to maximize relief efforts for the Horn of Africa—

(1) to redouble its commendable efforts to secure safe corridors of passage for emergency food and relief supplies in affected areas and to expand its support for the growing refugee population;

(2) to commit sufficient resources under title II of the Agricultural Trade Development and Assistance Act of 1954 (relating to emergency and private assistance programs), and under chapter 9 of part I of the Foreign Assistance Act of 1961 (relating to international disaster assistance), to meet urgent needs in the region and to utilize unobligated security assistance to bolster these resources;

(3) to consult with member countries of the European Community, Japan, and other major donors in order to increase overall relief and developmental assistance for the people in the Horn of Africa;

(4) to lend the full support of the United States to all aspects of relief operations in the Horn of Africa, and to work in support of United Nations and other international and voluntary agencies, in breaking the barriers currently threatening the lives of millions of refugees and others in need; and

(5) to urge the Secretary General of the United Nations to immediately appoint United Nations field coordinators for each country in the Horn of Africa who can act with the Secretary General's full authority.

(c) HORN OF AFRICA CIVIL STRIFE AND FAMINE ASSISTANCE.—

(1) AUTHORIZATION OF ASSISTANCE.—The President is authorized to provide international disaster assistance under chapter 9 of part I of the Foreign Assistance Act of 1961 for civil strife and famine relief and rehabilitation in the Horn of Africa. President.

(2) DESCRIPTION OF ASSISTANCE TO BE PROVIDED.—Assistance pursuant to this subsection shall be provided for humanitarian purposes and shall include—

(A) relief and rehabilitation projects to benefit the poorest people, including—

(i) the furnishing of seeds for planting, fertilizer, pesticides, farm implements, crop storage and preservation supplies, farm animals, and vaccine and veterinary services to protect livestock;

(ii) blankets, clothing, and shelter;

(iii) emergency health care; and

(iv) emergency water and power supplies;

(B) emergency food assistance (primarily wheat, maize, other grains, processed foods, and oils) for the affected and displaced civilian population of the Horn of Africa; and

(C) inland and ocean transportation of, and storage of, emergency food assistance, including the provision of trucks.

Assistance described in subparagraphs (B) and (C) shall be in addition to any such assistance provided under title II of the Agricultural Trade Development and Assistance Act of 1954.

(3) USE OF PVOS FOR RELIEF, REHABILITATION, AND RECOVERY PROJECTS.—Assistance under this subsection should be provided, to the maximum extent possible, through United States, international, and indigenous private and voluntary organizations.

(4) MANAGEMENT SUPPORT ACTIVITIES.—Up to two percent of the amount made available for each fiscal year under paragraph (5) for use in carrying out this subsection may be used by the agency primarily responsible for administering part I of the Foreign Assistance Act of 1961 for management support activities associated with the planning, monitoring, and supervision of emergency humanitarian and food assistance in the Horn of Africa provided under this subsection and subsection (d).

(5) TRANSFER OF SECURITY ASSISTANCE FUNDS.—The authority of section 610 of the Foreign Assistance Act of 1961 may be used to transfer for use in carrying out this subsection, without regard to the 20-percent increase limitation contained in that section, unobligated security assistance funds made available for fiscal year 1992 and 1993. As used in this paragraph, the term "security assistance funds" means funds available for economic support assistance, foreign military financing assistance, or international military education and training.

(d) EMERGENCY FOOD ASSISTANCE.—The President is urged to use the authorities of title II of the Agricultural Trade Development and Assistance Act of 1954 to provide supplemental emergency food assistance for the various civilian victims of civil strife in the Horn of Africa, in accordance with paragraphs (2)(B), (2)(C), and (3) of subsection (c), in addition to the assistance otherwise provided for such purposes.

22 USC 2151 note.

SEC. 5. HORN OF AFRICA PEACE INITIATIVE.

(a) SUPPORT FOR GRASSROOTS PARTICIPATION.—It shall be the policy of the United States in promoting peace and development in the Horn of Africa—

(1) to support expanded pluralistic and popular participation, the process by which all groups of people are empowered to involve themselves directly in creating the structures, policies,

and programs to contribute to equitable economic development, and to local, national, and regional peace initiatives;

(2) to ensure that all citizens enjoy the protection of civil, political, economic, social, religious, and cultural rights, an independent judiciary, and representative governmental institutions, regardless of gender, religion, ethnicity, occupation, or association; and

(3) to provide assistance to indigenous nongovernmental institutions that carry out activities in government-controlled or opposition-controlled territories and have the capacity or potential to promote conflict resolution, to advance development programs, or to carry out relief activities such as those described in section 4(c)(2).

(b) CONSULTATIONS.—The President is encouraged to undertake immediate consultations with appropriate countries, with armed and unarmed parties in the Horn of Africa, and with the Secretary General of the United Nations, in order to bring about negotiated settlements of the armed conflicts in the Horn of Africa.

(c) MECHANISMS.—It is the sense of the Congress that the President should—

(1) direct the United States Representative to the United Nations to—

(A) urge the Secretary General of the United Nations to make cease-fires, safe corridors for emergency relief, and negotiated settlements of the armed conflicts in the Horn of Africa a high and urgent priority;

(B) propose that the United Nations Security Council establish a United Nations arms embargo to end the supply of arms to the region, pending the resolution of civil wars and other armed conflicts; and

(C) pledge diplomatic and material resources for enhanced United Nations peacekeeping and peacemaking activities in the region, including monitoring of cease-fires;

(2) play an active and ongoing role in other fora in pressing for negotiated settlements to armed conflicts in the Horn of Africa; and

(3) support and participate in regional and international peace consultations that include broad representation from the countries and factions concerned.

SEC. 6. HORN OF AFRICA FOOD SECURITY AND RECOVERY STRATEGY. 22 USC 2151 note.

(a) TARGETING ASSISTANCE TO AID THE POOR MAJORITY; USE OF PVOS AND INTERNATIONAL ORGANIZATIONS.—

(1) TARGETING ASSISTANCE.—United States developmental assistance for the Horn of Africa should be targeted to aid the poor majority of the people of the region (particularly refugees, women, the urban poor, and small-scale farmers and pastoralists) to the maximum extent practicable. United States Government aid institutions should seek to—

(A) build upon the capabilities and experiences of United States, international, and indigenous private and voluntary organizations active in local grassroots relief, rehabilitation, and development efforts;

(B) consult closely with such organizations and significantly incorporate their views into the policymaking process; and

(C) support the expansion and strengthening of their activities without compromising their private and independent nature.

(2) PVOs AND INTERNATIONAL ORGANIZATIONS.—While support from indigenous governments is crucial, sustainable development and food security in the Horn of Africa should be enhanced through the active participation of indigenous private and voluntary organizations, as well as international private and voluntary organizations, and international organizations that have demonstrated their ability to work as partners with local nongovernmental organizations and are committed to promoting local grassroots activities on behalf of long-term development and self-reliance in the Horn of Africa.

(3) POLICY ON ASSISTANCE TO GOVERNMENTS.—United States assistance should not be provided to the Government of Ethiopia, the Government of Somalia, or the Government of Sudan until concrete steps toward peace, democracy, and human rights are taken in the respective country.

This subsection does not prohibit the organizations referred to in paragraphs (1) and (2) from working with appropriate ministries or departments of the respective governments of such countries.

(f) WAIVER OF RESTRICTIONS.—Assistance pursuant to this section may be made available to Ethiopia, Somalia, and Sudan notwithstanding any provision of law (other than the provisions of this Act) that would otherwise restrict assistance to such countries.

(g) UNITED STATES VOLUNTARY CONTRIBUTIONS TO INTERNATIONAL ORGANIZATIONS FOR DEVELOPMENTAL ASSISTANCE FOR THE HORN OF AFRICA.—It should be the policy of the United States to provide increasing voluntary contributions to United Nations agencies (including the United Nations Children's Fund, the International Fund for Agricultural Development, the United Nations High Commissioner for Refugees, the United Nations Development Program, and the World Food Program) for expanded programs of assistance for the Horn of Africa and for refugees from the Horn of Africa who are in neighboring countries.

(b) ASSISTANCE FOR ETHIOPIA; CONDITIONAL WAIVER OF BROOKE-ALEXANDER AMENDMENT.—If the President makes the certification described in section 8 with respect to the Government of Ethiopia, the President may provide economic support assistance, foreign military financing assistance, and international military education and training for Ethiopia for fiscal years 1992 and 1993 notwithstanding section 620(q) of the Foreign Assistance Act of 1961 or any similar provision.

Approving the location of a memorial to George Mason.

Apr. 28, 1992

Whereas Public Law 101–358 (104 Stat. 419) authorized the Board of Regents of Gunston Hall to establish, in accordance with the provisions of Public Law 99–652, a memorial on Federal land in the District of Columbia to honor George Mason; and

Joint Resolution

May 9, 1992
[S.J. Res. 174]

Designating the month of May 1992, as "National Amyotrophic Lateral Sclerosis Awareness Month".

Whereas over 300,000 people alive today will eventually die from Amyotrophic Lateral Sclerosis ("ALS"), commonly known as "Lou Gehrig's Disease", which afflicts the motor-neuron system of the human body;

Whereas at least 5,000 people will be diagnosed this year as having ALS, or an average of 13 cases per day;

Whereas there is still no known cause or cure for ALS despite the fact that the disease was discovered in 1869;

Whereas victims of this disease may lose total movement of their arms, legs, fingers, and toes, as well as the ability to speak, swallow, or breathe;

Whereas ALS patients have an average life expectancy of between 2 and 5 years after being diagnosed as having the disease;

Whereas wheelchairs, respirators, and feeding tubes are often necessary to assist those who outlive the average life expectancy;

Whereas the National Institutes of Health have found that victims of ALS are increasingly younger, with many in their 20's and 30's, and some mere teenagers;

Whereas ALS strikes people regardless of race, sex, age, or ethnicity;

Whereas the number of male victims of ALS under the age of 50 equals the number of female victims, but over the age of 50, male victims outnumber female victims by a ratio of 3 to 1;

Whereas finding the causes of, and the cure for, ALS will prevent the disease from robbing hundreds of thousands of Americans of their dignity and lives;

Whereas 1992 marks the 51st anniversary of the death of one of America's greatest baseball players, Lou Gehrig, for whom the disease was named; and

Whereas raising public awareness of this disease will facilitate the discovery of a cure: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the month of May 1992, is designated as "National Amyotrophic Lateral Sclerosis Awareness Month". The President is authorized and requested to issue a proclamation calling upon the people of the United States to observe the month with appropriate programs and activities.

Joint Resolution

May 9, 1992
[S.J. Res. 222]

To designate 1992 as the "Year of Reconciliation Between American Indians and non-Indians".

Whereas 1992 will be recognized as the quincentennial anniversary of the arrival of Christopher Columbus to this continent;

Whereas this 500th anniversary offers an opportunity for the United States to honor the indigenous peoples of this continent;

Whereas strife between American Indian and non-Indian cultures is of grave concern to the people of the United States;

Whereas in the past, improvement in cultural understanding has been achieved by individuals who have striven to understand the differences between cultures and to educate others;

Whereas a national effort to develop trust and respect between American Indians and non-Indians must include participation from the private and public sectors, churches and church associations, the Federal Government, Tribal governments and State governments, individuals, communities, and community organizations;

Whereas mutual trust and respect provides a sound basis for constructive change, given a shared commitment to achieving the goals of equal opportunity, social justice and economic prosperity; and

Whereas the celebration of our cultural differences can lead to a new respect for American Indians and their culture among non-Indians: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That 1992 is designated as the "Year of Reconciliation Between American Indians and non-Indians". The President is authorized and requested to issue a proclamation calling upon the people of the United States, both Indian and non-Indian, to lay aside fears and mistrust of one another, to build friendships, to join together and take part in shared cultural activities, and to strive towards mutual respect and understanding.

May 11, 1992
[H.J. Res. 430]

To designate May 4, 1992, through May 10, 1992, as "Public Service Recognition Week".

Whereas public employees at every level of government faithfully serve their fellow Americans, and there are now nine million employees in city and county government, four million employees in State government, and over four million Federal civilian and military employees;

Whereas Americans are aware of the many contributions public employees have made to the quality of their lives, in occupations that run the gamut from astronauts to zoologists, including scientists, police officers, teachers, doctors, forest rangers, engineers, food inspectors, researchers, and foreign service agents, among others;

Whereas the Nation should value a professional civil service whose highest principle is one of patriotism, whose foremost commitment is to excellence, and whose experience and expertise are a national resource to be used and respected;

Whereas the millions of workers who serve the Nation are men and women of knowledge, ability, and integrity who deserve to be recognized for their dedicated service; and

Whereas designating a week to honor these employees will provide a dual opportunity to pay tribute to our public employees and to inform the American people about the scope and importance of public service, including the range of employment opportunities available to our young people: Now, therefore, be it

Sections 306 and 307 (21 U.S.C. 336, 337) are redesignated as sections 309 and 310, respectively, and the following is inserted after section 305:

"DEBARMENT, TEMPORARY DENIAL OF APPROVAL, AND SUSPENSION

21 USC 335a.

"SEC. 306. (a) MANDATORY DEBARMENT.—

"(1) CORPORATIONS, PARTNERSHIPS, AND ASSOCIATIONS.—If the Secretary finds that a person other than an individual has been convicted, after the date of the enactment of this section, of a felony under Federal law for conduct relating to the development or approval, including the process for development or approval, of any abbreviated drug application, the Secretary shall debar such person from submitting, or assisting in the submission of, any such application.

"(2) INDIVIDUALS.—If the Secretary finds that an individual has been convicted of a felony under Federal law for conduct—

"(A) relating to the development or approval, including the process for development or approval, of any drug product, or

"(B) otherwise relating to the regulation of any drug product under this Act,

the Secretary shall debar such individual from providing services in any capacity to a person that has an approved or pending drug product application.

"(b) PERMISSIVE DEBARMENT.—

"(1) IN GENERAL.—The Secretary, on the Secretary's own initiative or in response to a petition, may, in accordance with paragraph (2), debar—

"(A) a person other than an individual from submitting or assisting in the submission of any abbreviated drug application, or

"(B) an individual from providing services in any capacity to a person that has an approved or pending drug product application.

"(2) PERSONS SUBJECT TO PERMISSIVE DEBARMENT.—The following persons are subject to debarment under paragraph (1):

"(A) CORPORATIONS, PARTNERSHIPS, AND ASSOCIATIONS.—Any person other than an individual that the Secretary finds has been convicted—

"(i) for conduct that—

"(I) relates to the development or approval, including the process for the development or approval, of any abbreviated drug application; and

"(II) is a felony under Federal law (if the person was convicted before the date of the enactment of this section), a misdemeanor under Federal law, or a felony under State law, or

"(ii) of a conspiracy to commit, or aiding or abetting, a criminal offense described in clause (i) or a felony described in subsection (a)(1),

if the Secretary finds that the type of conduct which served as the basis for such conviction undermines the process for the regulation of drugs.

"(B) INDIVIDUALS.—

"(i) Any individual whom the Secretary finds has been convicted of—

"(I) a misdemeanor under Federal law or a felony under State law for conduct relating to the development or approval, including the process for development or approval, of any drug product or otherwise relating to the regulation of drug products under this Act, or

"(II) a conspiracy to commit, or aiding or abetting, such criminal offense or a felony described in subsection (a)(2),

if the Secretary finds that the type of conduct which served as the basis for such conviction undermines the process for the regulation of drugs.

"(ii) Any individual whom the Secretary finds has been convicted of—

"(I) a felony which is not described in subsection (a)(2) or clause (i) of this subparagraph and which involves bribery, payment of illegal gratuities, fraud, perjury, false statement, racketeering, blackmail, extortion, falsification or destruction of records, or interference with, obstruction of an investigation into, or prosecution of, any criminal offense, or

"(II) a conspiracy to commit, or aiding or abetting, such felony,

if the Secretary finds, on the basis of the conviction of such individual and other information, that such individual has demonstrated a pattern of conduct sufficient to find that there is reason to believe that such individual may violate requirements under this Act relating to drug products.

"(iii) Any individual whom the Secretary finds materially participated in acts that were the basis for a conviction for an offense described in subsection (a) or in clause (i) or (ii) for which a conviction was obtained, if the Secretary finds, on the basis of such participation and other information, that such individual has demonstrated a pattern of conduct sufficient to find that there is reason to believe that such individual may violate requirements under this Act relating to drug products.

"(iv) Any high managerial agent whom the Secretary finds—

"(I) worked for, or worked as a consultant for, the same person as another individual during the period in which such other individual took actions for which a felony conviction was obtained and which resulted in the debarment under subsection (a)(2), or clause (i), of such other individual,

"(II) had actual knowledge of the actions described in subclause (I) of such other individual, or took action to avoid such actual knowledge,

or failed to take action for the purpose of avoiding such actual knowledge,

"(III) knew that the actions described in subclause (I) were violative of law, and

"(IV) did not report such actions, or did not cause such actions to be reported, to an officer, employee, or agent of the Department or to an appropriate law enforcement officer, or failed to take other appropriate action that would have ensured that the process for the regulation of drugs was not undermined, within a reasonable time after such agent first knew of such actions,

if the Secretary finds that the type of conduct which served as the basis for such other individual's conviction undermines the process for the regulation of drugs.

Effective date.

"(3) STAY OF CERTAIN ORDERS.—An order of the Secretary under clause (iii) or (iv) of paragraph (2)(B) shall not take effect until 30 days after the order has been issued.

"(c) DEBARMENT PERIOD AND CONSIDERATIONS.—

"(1) EFFECT OF DEBARMENT.—The Secretary—

"(A) shall not accept or review (other than in connection with an audit under this section) any abbreviated drug application submitted by or with the assistance of a person debarred under subsection (a)(1) or (b)(2)(A) during the period such person is debarred,

"(B) shall, during the period of a debarment under subsection (a)(2) or (b)(2)(B), debar an individual from providing services in any capacity to a person that has an approved or pending drug product application and shall not accept or review (other than in connection with an audit under this section) an abbreviated drug application from such individual, and

"(C) shall, if the Secretary makes the finding described in paragraph (6) or (7) of section 307(a), assess a civil penalty in accordance with section 307.

"(2) DEBARMENT PERIODS.—

"(A) IN GENERAL.—The Secretary shall debar a person under subsection (a) or (b) for the following periods:

"(i) The period of debarment of a person (other than an individual) under subsection (a)(1) shall not be less than 1 year or more than 10 years, but if an act leading to a subsequent debarment under subsection (a) occurs within 10 years after such person has been debarred under subsection (a)(1), the period of debarment shall be permanent.

"(ii) The debarment of an individual under subsection (a)(2) shall be permanent.

"(iii) The period of debarment of any person under subsection (b)(2) shall not be more than 5 years.

The Secretary may determine whether debarment periods shall run concurrently or consecutively in the case of a person debarred for multiple offenses.

"(B) NOTIFICATION.—Upon a conviction for an offense described in subsection (a) or (b) or upon execution of an agreement with the United States to plead guilty to such an offense, the person involved may notify the Sec-

retary that the person acquiesces to debarment and such person's debarment shall commence upon such notification.

"(3) CONSIDERATIONS.—In determining the appropriateness and the period of a debarment of a person under subsection (b) and any period of debarment beyond the minimum specified in subparagraph (A)(i) of paragraph (2), the Secretary shall consider where applicable—

"(A) the nature and seriousness of any offense involved,

"(B) the nature and extent of management participation in any offense involved, whether corporate policies and practices encouraged the offense, including whether inadequate institutional controls contributed to the offense,

"(C) the nature and extent of voluntary steps to mitigate the impact on the public of any offense involved, including the recall or the discontinuation of the distribution of suspect drugs, full cooperation with any investigations (including the extent of disclosure to appropriate authorities of all wrongdoing), the relinquishing of profits on drug approvals fraudulently obtained, and any other actions taken to substantially limit potential or actual adverse effects on the public health,

"(D) whether the extent to which changes in ownership, management, or operations have corrected the causes of any offense involved and provide reasonable assurances that the offense will not occur in the future,

"(E) whether the person to be debarred is able to present adequate evidence that current production of drugs subject to abbreviated drug applications and all pending abbreviated drug applications are free of fraud or material false statements, and

"(F) prior convictions under this Act or under other Acts involving matters within the jurisdiction of the Food and Drug Administration.

"(d) TERMINATION OF DEBARMENT.—

"(1) APPLICATION.—Any person that is debarred under subsection (a) (other than a person permanently debarred) or any person that is debarred under subsection (b) may apply to the Secretary for termination of the debarment under this subsection. Any information submitted to the Secretary under this paragraph does not constitute an amendment or supplement to pending or approved abbreviated drug applications.

"(2) DEADLINE.—The Secretary shall grant or deny any application respecting a debarment which is submitted under paragraph (1) within 180 days of the date the application is submitted.

"(3) ACTION BY THE SECRETARY.—

"(A) CORPORATIONS.—

"(i) CONVICTION REVERSAL.—If the conviction which served as the basis for the debarment of a person under subsection (a)(1) or (b)(2)(A) is reversed, the Secretary shall withdraw the order of debarment.

"(ii) APPLICATION.—Upon application submitted under paragraph (1), the Secretary shall terminate the debarment of a person if the Secretary finds that—

"(I) changes in ownership, management, or operations have fully corrected the causes of the offense

involved and provide reasonable assurances that the offense will not occur in the future, and

"(II) sufficient audits, conducted by the Food and Drug Administration or by independent experts acceptable to the Food and Drug Administration, demonstrate that pending applications and the development of drugs being tested before the submission of an application are free of fraud or material false statements.

In the case of persons debarred under subsection (a)(1), such termination shall take effect no earlier than the expiration of one year from the date of the debarment.

"(B) INDIVIDUALS.—

"(i) CONVICTION REVERSAL.—If the conviction which served as the basis for the debarment of an individual under subsection (a)(2) or clause (i), (ii), (iii), or (iv) of subsection (b)(2)(B) is reversed, the Secretary shall withdraw the order of debarment.

"(ii) APPLICATION.—Upon application submitted under paragraph (1), the Secretary shall terminate the debarment of an individual who has been debarred under subsection (b)(2)(B) if such termination serves the interests of justice and adequately protects the integrity of the drug approval process.

"(4) SPECIAL TERMINATION.—

"(A) APPLICATION.—Any person that is debarred under subsection (a)(1) (other than a person permanently debarred under subsection (c)(2)(A)(i)) or any individual who is debarred under subsection (a)(2) may apply to the Secretary for special termination of debarment under this subsection. Any information submitted to the Secretary under this subparagraph does not constitute an amendment or supplement to pending or approved abbreviated drug applications.

"(B) CORPORATIONS.—Upon an application submitted under subparagraph (A), the Secretary may take the action described in subparagraph (D) if the Secretary, after an informal hearing, finds that—

"(i) the person making the application under subparagraph (A) has demonstrated that the felony conviction which was the basis for such person's debarment involved the commission of an offense which was not authorized, requested, commanded, performed, or recklessly tolerated by the board of directors or by a high managerial agent acting on behalf of the person within the scope of the board's or agent's office or employment,

"(ii) all individuals who were involved in the commission of the offense or who knew or should have known of the offense have been removed from employment involving the development or approval of any drug subject to sections 505 or 507,

"(iii) the person fully cooperated with all investigations and promptly disclosed all wrongdoing to the appropriate authorities, and

"(iv) the person acted to mitigate any impact on the public of any offense involved, including the recall, or the discontinuation of the distribution, of any drug

with respect to which the Secretary requested a recall or discontinuation of distribution due to concerns about the safety or efficacy of the drug.

"(C) INDIVIDUALS.—Upon an application submitted under subparagraph (A), the Secretary may take the action described in subparagraph (D) if the Secretary, after an informal hearing, finds that such individual has provided substantial assistance in the investigations or prosecutions of offenses which are described in subsection (a) or (b) or which relate to any matter under the jurisdiction of the Food and Drug Administration.

"(D) SECRETARIAL ACTION.—The action referred to in subparagraphs (B) and (C) is—

"(i) in the case of a person other than an individual—

"(I) terminating the debarment immediately, or

"(II) limiting the period of debarment to less than one year, and

"(ii) in the case of an individual, limiting the period of debarment to less than permanent but to no less than 1 year,

whichever best serves the interest of justice and protects the integrity of the drug approval process.

"(e) PUBLICATION AND LIST OF DEBARRED PERSONS.—The Secretary shall publish in the Federal Register the name of any person debarred under subsection (a) or (b), the effective date of the debarment, and the period of the debarment. The Secretary shall also maintain and make available to the public a list, updated no less often than quarterly, of such persons, of the effective dates and minimum periods of such debarments, and of the termination of debarments.

Federal Register, publication. Public information.

"(f) TEMPORARY DENIAL OF APPROVAL.—

"(1) IN GENERAL.—The Secretary, on the Secretary's own initiative or in response to a petition, may, in accordance with paragraph (3), refuse by order, for the period prescribed by paragraph (2), to approve any abbreviated drug application submitted by any person—

"(A) if such person is under an active Federal criminal investigation in connection with an action described in subparagraph (B),

"(B) if the Secretary finds that such person—

"(i) has bribed or attempted to bribe, has paid or attempted to pay an illegal gratuity, or has induced or attempted to induce another person to bribe or pay an illegal gratuity to any officer, employee, or agent of the Department of Health and Human Services or to any other Federal, State, or local official in connection with any abbreviated drug application, or has conspired to commit, or aided or abetted, such actions, or

"(ii) has knowingly made or caused to be made a pattern or practice of false statements or misrepresentations with respect to material facts relating to any abbreviated drug application, or the production of any drug subject to an abbreviated drug application, to any officer, employee, or agent of the Department of Health and Human Services, or has conspired to commit, or aided or abetted, such actions, and

"(C) if a significant question has been raised regarding—

"(i) the integrity of the approval process with respect to such abbreviated drug application, or

"(ii) the reliability of data in or concerning such person's abbreviated drug application.

Such an order may be modified or terminated at any time.

"(2) APPLICABLE PERIOD.—

"(A) IN GENERAL.—Except as provided in subparagraph (B), a denial of approval of an application of a person under paragraph (1) shall be in effect for a period determined by the Secretary but not to exceed 18 months beginning on the date the Secretary finds that the conditions described in subparagraphs (A), (B), and (C) of paragraph (1) exist. The Secretary shall terminate such denial—

"(i) if the investigation with respect to which the finding was made does not result in a criminal charge against such person, if criminal charges have been brought and the charges have been dismissed, or if a judgment of acquittal has been entered, or

"(ii) if the Secretary determines that such finding was in error.

"(B) EXTENSION.—If, at the end of the period described in subparagraph (A), the Secretary determines that a person has been criminally charged for an action described in subparagraph (B) of paragraph (1), the Secretary may extend the period of denial of approval of an application for a period not to exceed 18 months. The Secretary shall terminate such extension if the charges have been dismissed, if a judgment of acquittal has been entered, or if the Secretary determines that the finding described in subparagraph (A) was in error.

"(3) INFORMAL HEARING.—Within 10 days of the date an order is issued under paragraph (1), the Secretary shall provide such person with an opportunity for an informal hearing, to be held within such 10 days, on the decision of the Secretary to refuse approval of an abbreviated drug application. Within 60 days of the date on which such hearing is held, the Secretary shall notify the person given such hearing whether the Secretary's refusal of approval will be continued, terminated, or otherwise modified. Such notification shall be final agency action.

"(g) SUSPENSION AUTHORITY.—

"(1) IN GENERAL.—If—

"(A) the Secretary finds—

"(i) that a person has engaged in conduct described in subparagraph (B) of subsection (f)(1) in connection with 2 or more drugs under abbreviated drug applications, or

"(ii) that a person has engaged in flagrant and repeated, material violations of good manufacturing practice or good laboratory practice in connection with the development, manufacturing, or distribution of one or more drugs approved under an abbreviated drug application during a 2-year period, and—

"(I) such violations may undermine the safety and efficacy of such drugs, and

"(II) the causes of such violations have not been corrected within a reasonable period of time following notice of such violations by the Secretary, and

"(B) such person is under an active investigation by a Federal authority in connection with a civil or criminal action involving conduct described in subparagraph (A),

the Secretary shall issue an order suspending the distribution of all drugs the development or approval of which was related to such conduct described in subparagraph (A) or suspending the distribution of all drugs approved under abbreviated drug applications of such person if the Secretary finds that such conduct may have affected the development or approval of a significant number of drugs which the Secretary is unable to identify. The Secretary shall exclude a drug from such order if the Secretary determines that such conduct was not likely to have influenced the safety or efficacy of such drug.

"(2) PUBLIC HEALTH WAIVER.—The Secretary shall, on the Secretary's own initiative or in response to a petition, waive the suspension under paragraph (1) (involving an action described in paragraph (1)(A)(i)) with respect to any drug if the Secretary finds that such waiver is necessary to protect the public health because sufficient quantities of the drug would not otherwise be available. The Secretary shall act on any petition seeking action under this paragraph within 180 days of the date the petition is submitted to the Secretary.

"(h) TERMINATION OF SUSPENSION.—The Secretary shall withdraw an order of suspension of the distribution of a drug under subsection (g) if the person with respect to whom the order was issued demonstrates in a petition to the Secretary—

"(1)(A) on the basis of an audit by the Food and Drug Administration or by experts acceptable to the Food and Drug Administration, or on the basis of other information, that the development, approval, manufacturing, and distribution of such drug is in substantial compliance with the applicable requirements of this Act, and

"(B) changes in ownership, management, or operations—

"(i) fully remedy the patterns or practices with respect to which the order was issued, and

"(ii) provide reasonable assurances that such actions will not occur in the future, or

"(2) the initial determination was in error.

The Secretary shall act on a submission of a petition under this subsection within 180 days of the date of its submission and the Secretary may consider the petition concurrently with the suspension proceeding. Any information submitted to the Secretary under this subsection does not constitute an amendment or supplement to a pending or approved abbreviated drug application.

"(i) PROCEDURE.—The Secretary may not take any action under subsection (a), (b), (c), (d)(3), (g), or (h) with respect to any person unless the Secretary has issued an order for such action made on the record after opportunity for an agency hearing on disputed issues of material fact. In the course of any investigation or hearing under this subsection, the Secretary may administer oaths and affirmations, examine witnesses, receive evidence, and issue subpoenas requiring the attendance and testimony of witnesses and the

production of evidence that relates to the matter under investigation.

"(j) JUDICIAL REVIEW.—

"(1) IN GENERAL.—Except as provided in paragraph (2), any person that is the subject of an adverse decision under subsection (a), (b), (c), (d), (f), (g), or (h) may obtain a review of such decision by the United States Court of Appeals for the District of Columbia or for the circuit in which the person resides, by filing in such court (within 60 days following the date the person is notified of the Secretary's decision) a petition requesting that the decision be modified or set aside.

"(2) EXCEPTION.—Any person that is the subject of an adverse decision under clause (iii) or (iv) of subsection (b)(2)(B) may obtain a review of such decision by the United States District Court for the District of Columbia or a district court of the United States for the district in which the person resides, by filing in such court (within 30 days following the date the person is notified of the Secretary's decision) a complaint requesting that the decision be modified or set aside. In such an action, the court shall determine the matter de novo.

"(k) CERTIFICATION.—Any application for approval of a drug product shall include—

"(1) a certification that the applicant did not and will not use in any capacity the services of any person debarred under subsection (a) or (b), in connection with such application, and

"(2) if such application is an abbreviated drug application, a list of all convictions, described in subsections (a) and (b) which occurred within the previous 5 years, of the applicant and affiliated persons responsible for the development or submission of such application.

"(l) APPLICABILITY.—

"(1) CONVICTION.—For purposes of this section, a person is considered to have been convicted of a criminal offense—

"(A) when a judgment of conviction has been entered against the person by a Federal or State court, regardless of whether there is an appeal pending,

"(B) when a plea of guilty or nolo contendere by the person has been accepted by a Federal or State court, or

"(C) when the person has entered into participation in a first offender, deferred adjudication, or other similar arrangement or program where judgment of conviction has been withheld.

"(2) EFFECTIVE DATES.—Subsection (a), subparagraph (A) of subsection (b)(2), and clauses (i) and (ii) of subsection (b)(2)(B) shall not apply to a conviction which occurred more than 5 years before the initiation of an agency action proposed to be taken under subsection (a) or (b). Clauses (iii) and (iv) of subsection (b)(2)(B) and subsections (f) and (g) shall not apply to an act or action which occurred more than 5 years before the initiation of an agency action proposed to be taken under subsection (b), (f), or (g). Clause (iv) of subsection (b)(2)(B) shall not apply to an action which occurred before June 1, 1992. Subsection (k) shall not apply to applications submitted to the Secretary before June 1, 1992.".

"(d) RECOVERY OF PENALTIES.—The Attorney General may recover any civil penalty (plus interest at the currently prevailing rates from the date the penalty became final) assessed under subsection (b)(1)(A) in an action brought in the name of the United States. The amount of such penalty may be deducted, when the penalty has become final, from any sums then or later owing by the United States to the person against whom the penalty has been assessed. In an action brought under this subsection, the validity, amount, and appropriateness of the penalty shall not be subject to judicial review.

"(e) INFORMANTS.—The Secretary may award to any individual (other than an officer or employee of the Federal Government or a person who materially participated in any conduct described in subsection (a)) who provides information leading to the imposition of a civil penalty under this section an amount not to exceed—

Joint Resolution

Designating May 10, 1992, as "Infant Mortality Awareness Day".

May 14, 1992
[H.J. Res. 425]

Whereas, in 1989, the infant mortality rate in the United States decreased from 10.0 to 9.8 infant deaths per 1,000 live births;
Whereas, despite such decrease, nearly 38,000 infants in the United States will die in 1992 before they reach their 1st birthday;
Whereas thousands of infants will suffer lifelong disabilities resulting from low birthweight and other complications;
Whereas thousands of pregnant women, especially low-income women, cannot receive adequate prenatal care because they lack access to providers of obstetrical care;
Whereas infant mortality is a widespread problem which afflicts both urban and rural areas in all geographic regions of the United States;
Whereas the number of births to teenage mothers, who have a greater risk of giving birth to sick infants, has increased by 20 percent in the last 3 years;
Whereas the high number of deaths, disabilities, and illnesses among infants in the United States is deplorable; and
Whereas expectant parents in the United States should work toward the birth of healthy babies: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That May 10, 1992, is designated as "Infant Mortality Awareness Day", and the President is authorized and requested to issue a proclamation calling on the people of the United States to observe the day with appropriate ceremonies and activities.

Joint Resolution

May 14, 1992
[S.J. Res. 251]

To designate the month of May 1992 as "National Huntington's Disease Awareness Month".

Whereas twenty-five thousand Americans are victims of Huntington's disease, a fatal, hereditary, neurological disorder;

Whereas an additional one hundred and twenty-five thousand Americans have a 50-percent chance of inheriting the gene responsible for Huntington's disease from an affected parent and are considered to be "at-risk" for the disease;

Whereas tens of thousands of other Americans experience the destructive effects of the disease, including suffering from the social stigma associated with the disease, assuming the difficult role of caring for a loved victim of the disease, witnessing the prolonged, irreversible physical and mental deterioration of a loved one, and agonizing over the death of a loved one;

Whereas at present there is no cure for Huntington's disease and no means available to retard or reverse the effects of the disease;

Whereas a victim of the later stages of Huntington's disease invariably requires total personal care, the provision of which often results in devastating financial consequences for the victim and the victim's family;

Whereas recent advances in the field of molecular genetics have enabled scientists to locate approximately the gene-site responsible for Huntington's disease;

Whereas many of the novel techniques resulting from these advances have also been instrumental in locating the gene-sites responsible for familial Alzheimer's disease, manic depression, kidney cancer, and other disorders;

Whereas increased Federal funding of medical research could facilitate additional advances and result in the discovery of the cause and chemical processes of Huntington's disease and the development of strategies to stop and reverse the progress of the disease;

Whereas Huntington's disease typifies other late-onset, behavioral genetic disorders by presenting the victim and the victim's family with a broad range of biomedical, psychological, social, and economic problems; and

Whereas in the absence of a cure for Huntington's disease, victims of the disease deserve to live with dignity and be regarded as full and respected family members and members of society: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the month of May 1992 is designated as "National Huntington's Disease Awareness Month", and the President is authorized and requested to issue a proclamation calling on the people of the United States to observe such month with appropriate programs, ceremonies, and activities.

An Act

May 18, 1992
[H.R. 2763]

To enhance geologic mapping of the United States, and for other purposes.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

National Geologic Mapping Act of 1992.
Conservation.
Environmental protection.
43 USC 31a note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "National Geologic Mapping Act of 1992".

43 USC 31a.

SEC. 2. FINDINGS AND PURPOSE.

(a) FINDINGS.—The Congress finds and declares that—

(1) during the past 2 decades, the production of geologic maps has been drastically curtailed;

(2) geologic maps are the primary data base for virtually all applied and basic earth-science investigations, including—

(A) exploration for and development of mineral, energy, and water resources;

(B) screening and characterizing sites for toxic and nuclear waste disposal;

(C) land use evaluation and planning for environmental protection;

(D) earthquake hazards reduction;

(E) predicting volcanic hazards;

(F) design and construction of infrastructure requirements such as utility lifelines, transportation corridors, and surface-water impoundments;

(G) reducing losses from landslides and other ground failures;

(H) mitigating effects of coastal and stream erosion;

(I) siting of critical facilities; and

(J) basic earth-science research;

(3) Federal agencies, State and local governments, private industry, and the general public depend on the information provided by geologic maps to determine the extent of potential environmental damage before embarking on projects that could lead to preventable, costly environmental problems or litigation;

(4) the combined capabilities of State, Federal, and academic groups to provide geologic mapping are not sufficient to meet the present and future needs of the United States for national security, environmental protection, and energy self-sufficiency of the Nation;

(5) States are willing to contribute 50 percent of the funding necessary to complete the mapping of the geology within the State;

(6) the lack of proper geologic maps has led to the poor design of such structures as dams and waste-disposal facilities;

(7) geologic maps have proven indispensable in the search for needed fossil-fuel and mineral resources; and

(8) a comprehensive nationwide program of geologic mapping is required in order to systematically build the Nation's geologic-map data base at a pace that responds to increasing demand.

(b) PURPOSE.—The purpose of this Act is to expedite the production of a geologic-map data base for the Nation, to be located within the United States Geological Survey, which can be applied to land-use management, assessment, and utilization, conservation of natural resources, groundwater management, and environmental protection.

SEC. 3. DEFINITIONS. 43 USC 31b.

(1) The term "advisory committee" means the advisory committee established under section 5.

(2) The term "Director" means the Director of the United States Geological Survey.

(3) The term "geologic mapping program" means the National Cooperative Geologic Mapping Program established by section 4(a).

(4) The term "Secretary" means the Secretary of the Interior.

(5) The term "Survey" means the United States Geological Survey.

The geologic mapping program shall be developed in consultation with the advisory committee and shall be designed and administered to achieve the objectives set forth in subsection (c).

(b) RESPONSIBILITIES OF USGS.—(1) The Survey shall be the lead Federal agency responsible for planning, developing priorities, coordinating, and managing the geologic mapping program. In carrying out this paragraph, the Secretary, acting through the Director, shall—

(A) develop a geologic mapping program implementation plan in accordance with section 6, which plan shall be submitted to the Committee on Interior and Insular Affairs of the House of Representatives and the Committee on Energy and Natural Resources of the Senate within 300 days after the date of enactment of this Act;

(B) appoint, with the advice and consultation of the State geological surveys, the advisory committee within 90 days after the date of enactment of this Act in accordance with section 5; and

(C) within 210 days after the date of enactment of this Act, submit a report to the Committee on Energy and Natural Resources of the United States Senate and to the Committee on Interior and Insular Affairs of the House of Representatives identifying— Reports.

(i) how the Survey will coordinate the development and implementation of the geologic mapping program;

(ii) how the Survey will establish goals, mapping priorities, and target dates for implementation of the geologic mapping program;

(iii) how long-term staffing plans for the various components of the geologic mapping program will lead to successful implementation of the geologic mapping program; and

(iv) the degree to which geologic mapping activities traditionally funded by the Survey, including the use of commercially available aerial photography, geodesy, professional land surveying, photogrammetric mapping, cartography, photographic processing, and related services, can be contracted to professional private mapping firms.

(2) In addition to paragraph (1), the Secretary, acting through the Director, shall be responsible for developing, as soon as practicable—

(A) in cooperation with the State geological surveys, other Federal and State agencies, public and private sector organizations and academia, the geologic-map data base; and

(B) maps and mapping techniques which achieve the objectives specified in subsection (c).

(c) PROGRAM OBJECTIVES.—The objectives of the geologic mapping program shall include—

(1) determining the Nation's geologic framework through systematic development of geologic maps at scales appropriate to the geologic setting and the perceived applications, such maps to be contributed to the national geologic map data base;

(2) development of a complementary national geophysical-map data base, geochemical-map data base, and a geochronologic and paleontologic data base that provide value-added descriptive and interpretive information to the geologic-map data base;

(3) application of cost-effective mapping techniques that assemble, produce, translate and disseminate geologic-map information and that render such information of greater application and benefit to the public; and

(4) development of public awareness for the role and application of geologic-map information to the resolution of national issues of land use management.

(d) PROGRAM COMPONENTS.—The geologic mapping program shall include the following components:

(1) A Federal geologic mapping component, whose objective shall be determining the geologic framework of areas determined to be vital to the economic, social, or scientific welfare of the Nation. Mapping priorities shall be based on—

(A) national requirements for geologic-map information in areas of multiple-issue need or areas of compelling single-issue need; and

(B) national requirements for geologic-map information in areas where mapping is required to solve critical earth-science problems.

(2) A geologic mapping support component, whose objective shall be providing interdisciplinary support for the Federal Geologic Mapping Component. Representative categories of interdisciplinary support shall include—

(A) establishment of a national geologic-map data base, established pursuant to section 7;

(B) studies that lead to the implementation of cost-effective digital methods for the acquisition, compilation, analysis, cartographic production, and dissemination of geologic-map information;

(C) paleontologic investigations that provide information critical to understanding the age and depositional environment of fossil-bearing geologic-map units, which investiga-

tions shall be contributed to a national paleontologic data base;

(D) geochronologic and isotopic investigations that (i) provide radiometric age dates for geologic-map units and (ii) fingerprint the geothermometry, geobarometry, and alteration history of geologic-map units, which investigations shall be contributed to a national geochronologic data base;

(E) geophysical investigations that assist in delineating and mapping the physical characteristics and three-dimensional distribution of geologic materials and geologic structures, which investigations shall be contributed to a national geophysical-map data base; and

(F) geochemical investigations and analytical operations that characterize the major- and minor-element composition of geologic-map units, and that lead to the recognition of stable and anomalous geochemical signatures for geologic terrains, which investigations shall be contributed to a national geochemical-map data base.

(3) A State geologic mapping component, whose objective shall be determining the geologic framework of areas that the State geological surveys determine to be vital to the economic, social, or scientific welfare of individual States. Mapping priorities shall be determined by multirepresentational State panels and shall be integrated with national priorities. Federal funding for the State component shall be matched on a one-to-one basis with non-Federal funds.

(4) A geologic mapping education component, whose objective shall be—

(A) to develop the academic programs that teach earth-science students the fundamental principles of geologic mapping and field analysis; and

(B) to provide for broad education in geologic mapping and field analysis through support of field teaching institutes.

Investigations conducted under the geologic mapping education component shall be integrated with the other mapping components of the geologic mapping program, and shall respond to priorities identified for those components.

SEC. 5. ADVISORY COMMITTEE. 43 USC 31d.

(a) ESTABLISHMENT.—There shall be established a sixteen member geologic mapping advisory committee to advise the Director on planning and implementation of the geologic mapping program. The President shall appoint one representative each from the Environmental Protection Agency, the Department of Energy, the Department of Agriculture, and the Office of Science and Technology Policy. Within 90 days and with the advice and consultation of the State Geological Surveys, the Secretary shall appoint to the advisory committee 2 representatives from the Survey (including the Chief Geologist, as Chairman), 4 representatives from the State geological surveys, 3 representatives from academia, and 3 representatives from the private sector. 43 USC 31e.

SEC. 6. GEOLOGIC MAPPING PROGRAM IMPLEMENTATION PLAN.

The Secretary, acting through the Director, shall, with the advice and review of the advisory committee, prepare an implementation plan for the geologic mapping program. The plan shall identify the overall management structure and operation of the geologic mapping program and shall provide for—

(1) the role of the Survey in its capacity as overall management lead, including the responsibility for developing the national geologic mapping program that meets Federal needs while simultaneously fostering State needs;

(2) the responsibilities accruing to the State geological surveys, with particular emphasis on mechanisms that incorporate their needs, missions, capabilities, and requirements into the nationwide geologic mapping program;

(3) mechanisms for identifying short- and long-term priorities for each component of the geologic mapping program, including—

(A) for the Federal geologic mapping component, a priority-setting mechanism that responds both to (i) Federal mission requirements for geologic-map information, and (ii) critical scientific problems that require geologic-map control for their resolution;

(B) for the geologic mapping support component, a strong interdisciplinary research program plan in isotopic and paleontologic geochronology, geophysical mapping, and process studies to provide data to and interpret results from geologic mapping;

Whereas almost 35,000,000 individuals in the United States are victimized by crime each year, with 6,000,000 falling prey to violence;

Whereas the victims of violent crime need and deserve quality programs and services to help them recover from the devastating psychological, physical, and emotional hardships resulting from their victimization;

102d Congress

Joint Resolution

Designating May 31, 1992, through June 6, 1992, as a "Week for the National Observance of the Fiftieth Anniversary of World War II".

May 20, 1992
[H.J. Res. 371]

Whereas the brave men and women of the United States of America made tremendous sacrifices during World War II to save the world from tyranny and aggression;

Whereas the winds of freedom and democracy sweeping the globe today spring from the principles for which over four hundred thousand Americans gave their lives in World War II;

Whereas World War II and the events that led up to that war must be understood in order that we may better understand our own times, and more fully appreciate the reasons why eternal vigilance against any form of tyranny is so important;

Whereas the World War II era, as reflected in its family life, industry, and entertainment, was a unique period in American history, and epitomized our Nation's philosophy of hard work, courage, and tenacity in the face of adversity;

Whereas, between 1991 and 1995, over nine million American veterans of World War II will be holding reunions and conferences and otherwise commemorating the fiftieth anniversary of various events relating to World War II; and

Whereas June 4, 1992, marks the anniversary of the Battle of Midway, and June 6, 1992, marks the anniversary of D-Day: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That May 31, 1992, through June 6, 1992, is designated as a "Week for the National Observance of the 50th Anniversary of World War II", and the President is authorized and requested to issue a proclamation calling on the people of the United States to observe the week with appropriate ceremonies and activities.

Public Law 102-301
102d Congress

An Act

June 19, 1992
[H.R. 2556]

Entitled the "Los Padres Condor Range and River Protection Act".

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

California.
Conservation.
Environmental protection.

SECTION 1. FINDINGS.

The Congress finds that—

(1) areas of undeveloped National Forest System lands within Los Padres National Forest have outstanding natural characteristics which will, if properly preserved, contribute as an enduring resource of wilderness for the benefit of the American people; and

(2) it is in the national interest that certain of these areas be designated as components of the National Wilderness Preservation System and Wild and Scenic Rivers System or reserved from mineral entry in order to preserve such areas and their specific multiple values for watershed preservation, wildlife habitat protection, scenic and historic preservation, scientific research, educational use, primitive recreation, solitude, physical and mental challenge, and inspiration for the benefit of all of the American people of present and future generations.

16 USC 1132 note.

SEC. 2. DESIGNATION OF WILDERNESS AREAS.

In furtherance of the purposes of the Wilderness Act, the following National Forest System lands are hereby designated as wilderness and, therefore, as components of the National Wilderness Preservation System:

(1) Certain lands in Los Padres National Forest and the Angeles National Forest, California, which comprise approximately 219,700 acres, which are generally depicted on a map entitled "Sespe Wilderness Area—Proposed" and dated September 1991, which shall be known as the Sespe Wilderness. In recognition of the significant role that Mr. Gene Marshall played in the development of this Act, the Secretary of Agriculture is authorized and directed to name the existing trail between Reyes Creek and Lion Campgrounds as the Gene Marshall-Piedra Blanca National Recreational Trail.

(2) Certain lands in Los Padres National Forest, California, which comprise approximately 29,600 acres, which are generally depicted on a map entitled "Matilija Wilderness Area—Proposed" and dated September 1991, which shall be known as the Matilija Wilderness.

(3) Certain lands in Los Padres National Forest, California, which comprise approximately 46,400 acres, which are generally depicted on a map entitled "San Rafael Wilderness Addition—Proposed" and dated September 1991, and which lands are hereby incorporated in, and shall be managed as part of, the San Rafael Wilderness.

(4) Certain lands in Los Padres National Forest, California, which comprise approximately 14,100 acres, which are generally depicted on a map entitled "Garcia Wilderness Area—Proposed" and dated September 1991, which shall be known as the Garcia Wilderness.

(5) Certain lands in Los Padres National Forest, California, which comprise approximately 38,150 acres, which are generally depicted on a map entitled "Chumash Wilderness—Proposed" and dated September 1991, which shall be known as the Chumash Wilderness and approximately 50 acres, which are generally depicted on the same map, which shall be designated as potential wilderness. The Toad Springs road corridor delineated as potential wilderness shall remain open to off road vehicle traffic until construction of an alternate route which bypasses this area is completed. These potential wilderness lands shall be automatically incorporated in and managed as part of the Chumash Wilderness upon publication of a notice in the Federal Register.

(6) Certain lands in Los Padres National Forest, California, which comprise approximately 38,000 acres, which are generally depicted on a map entitled "Ventana Wilderness Addition—Proposed" and dated September 1991, and which lands are hereby incorporated in, and shall be managed as a part of, the Ventana Wilderness.

(7) Certain lands in Los Padres National Forest, California, which comprise approximately 14,500 acres, which are generally depicted on a map entitled "Silver Peak Wilderness Addition—Proposed" and dated September 1991, which shall be known as the Silver Peak Wilderness. In recognition of Mr. Nathaniel Owings' efforts to preserve the Big Sur coastline, the area within the Silver Peak Wilderness area depicted as "Redwood Gulch" shall hereafter be known as the "Nathaniel Owings Redwood Grove". The Secretary is directed to place this name on all appropriate maps depicting the Silver Peak Wilderness Area of the Los Padres National Forest.

SEC. 3. ADMINISTRATION OF WILDERNESS AREAS.

(a) IN GENERAL.—Subject to valid existing rights, each wilderness area designated by this Act shall be administered by the Secretary of Agriculture in accordance with the provisions of the Wilderness Act.

(b) FIRE PREVENTION AND WATERSHED PROTECTION.—In order to guarantee the continued viability of the watersheds of the wilderness areas designated by this Act and to ensure the continued health and safety of the communities serviced by such watersheds, the Secretary of Agriculture may take such measures as are necessary for fire prevention and watershed protection including, but not limited to, acceptable fire presuppression and fire suppression measures and techniques.

(c) WILDLIFE MANAGEMENT.—In furtherance of the purposes and principles of the Wilderness Act, management activities to maintain or restore fish and wildlife populations, including the California condor, and the habitats to support such populations may be carried out within wilderness areas designated by this Act where consistent with relevant wilderness management plans in accordance with appropriate policies and guidelines such as those set forth in Policies and Guidelines for Fish and Wildlife Management in National

Forests and Bureau of Land Management Wilderness, dated August 25, 1986.

(d) BUFFER ZONES.—The Congress does not intend for the designation of wilderness areas pursuant to this Act to lead to the creation of protective perimeters or buffer zones around such wilderness areas. The fact that nonwilderness activities or uses can be seen or heard from areas within a wilderness shall not, of itself, preclude such activities or uses up to the boundary of the wilderness area.

(e) WATER RIGHTS.—

(1) With respect to each wilderness area designated by this Act, Congress hereby reserves a quantity of water sufficient to fulfill the purposes of this Act. The priority date of such reserved water rights shall be the date of enactment of this Act.

(2) The Secretary of Agriculture and all other officers of the United States shall take steps necessary to protect the rights reserved by this Act, including the filing by the Secretary of Agriculture of a claim for the quantification of such rights in any present or future appropriate stream adjudication in the courts of the State of California in which the United States is or may be joined and which is conducted in accordance with section 208 of the Act of July 10, 1952 (Ch. 651, 66 Stat. 560; 43 U.S.C. 666) (commonly referred to as the "McCarran Amendment").

(3) Nothing in this Act shall be construed as a relinquishment or reduction of any water rights reserved or appropriated by the United States in the State of California on or before the date of enactment of this Act.

(4) The Federal water rights reserved by this Act are specific to the wilderness areas located in the State of California designated by this Act. Nothing in this Act related to the reserved Federal water rights shall be construed as establishing a precedent with regard to any future designations, nor shall it constitute an interpretation of any other Act or any designation made thereto.

SEC. 4. FILING OF MAPS AND DESCRIPTIONS.

As soon as practicable after enactment of this Act, a map and legal description of each wilderness area designated in section 2 shall be filed with the Committee on Energy and Natural Resources of the Senate and Committee on Interior and Insular Affairs of the House of Representatives, and each such map and description shall have the same force and effect as if included in this Act. Correction of clerical and typographical errors in each such legal description and map may be made. Each such map and legal description shall be on file and available for public inspection in the Office of the Chief of the Forest Service, Department of Agriculture, Washington, District of Columbia and in the Office of the Forest Supervisor, Los Padres National Forest.

SEC. 5. RELEASE TO NONWILDERNESS USES.

The table contained in section 111(e) of the California Wilderness Act of 1984 (98 Stat. 1631) is amended by striking all lines pertaining to further planning areas on the Los Padres National Forest. Except for those areas designated as wilderness under section 2 of this Act, these areas shall be released to nonwilderness uses

in accordance with section 111 (except for subsection (e)) of such Act.

SEC. 6. DESIGNATION OF WILD AND SCENIC RIVERS.

In order to preserve and protect for present and future generations the outstandingly remarkable values of Sespe Creek, the Big Sur River, and the Sisquoc River, all in California, section 3(a) of the Wild and Scenic Rivers Act (16 U.S.C. 1274(a)) is amended by adding the following new paragraphs at the end:

"( ) SISQUOC RIVER, CALIFORNIA.—The 33-mile segment of the main stem of the river extending from its origin downstream to the Los Padres Forest boundary, to be administered by the Secretary of Agriculture as a wild river.

"( ) BIG SUR RIVER, CALIFORNIA.—The main stems of the South Fork and North Fork of the Big Sur River from their headwaters to their confluence and the main stem of the river from the confluence of the South and North Forks downstream to the boundary of the Ventana Wilderness in Los Padres National Forest, for a total distance of approximately 19.5 miles, to be administered by the Secretary of Agriculture as a wild river.".

SEC. 7. STUDY RIVERS.

SEC. 8. MINERAL WITHDRAWAL.

(a) IN GENERAL.—Subject to valid existing rights, federally owned lands and interests therein that are depicted on a map entitled "Mineral Withdrawal Area, California Coastal Zone, Big Sur—Proposed" and dated September 1991 are withdrawn from entry, location, appropriation, leasing, sale, or disposition under the mining laws, mineral leasing and geothermal leasing laws of the United States.

(b) MINING CLAIMS.—Subject to valid existing rights, all mining claims located within the withdrawal area depicted on the map described in subsection (a) shall be subject to such regulations as the Secretary of Agriculture may prescribe to ensure that mining will, to the greatest practicable extent, be consistent with the protection of scenic, scientific, cultural, and other resources of the area. The Secretary of Agriculture shall not approve any plan of operation prior to a determination that the unpatented mining claim was valid prior to the mineral withdrawal created by this Act and remains valid. A patent for land within the withdrawal area that is issued after the date of enactment of this Act shall convey title only to the minerals together with the right to use the surface of lands for mining purposes subject to such regulations.

SEC. 9. ADDITIONAL USES OF CERTAIN LANDS IN CALIFORNIA.

(a) REMOVAL OF RESTRICTIONS.—Notwithstanding the restrictions otherwise applicable under the terms of conveyance by the United States of any of the lands described in subsection (b) to either the city of Pittsburg, California, or Merced County, California, or under any agreement concerning any part of such lands between either such city or such county and the Secretary of the Interior or any other officer or agent of the United States, the lands described in subsection (b) may be used for the purposes specified in subsection (c) of this section.

(b) LANDS AFFECTED.—The lands referred to in subsection (a) of this section are—

(2) Merced County, California, may authorize the use of the lands described in subsection (b)(2) of this section for an elementary school serving children without regard to their race, creed, color, national origin, physical or mental disability, or sex, operated by a nonsectarian organization on a nonprofit basis and in compliance with all applicable requirements of the laws of the United States

SENSE OF THE SENATE WITH RESPECT TO FEDERAL ENTERPRISE ZONES

(a) FINDINGS.—The Senate finds that:

(1) The crisis of poverty and high unemployment in America's inner cities and rural areas demands an appropriate and timely response from Congress;

(2) Manufacturing and industry has largely disappeared from many United States inner cities which, in turn, led to the severe decline in good high-wage jobs, wholesale trade, retail businesses, and a large source of local tax revenues;

(3) Encouraging small and medium-sized businesses, which create the majority of new jobs in the United States economy, to locate and invest in poor neighborhoods is one of the keys to revitalizing urban America;

(4) Enterprise Zones will help convince businesses to build and grow in poor neighborhoods; they will give people incentives to invest in such businesses and to hire and train both unemployed and economically disadvantaged individuals; they will create jobs and stimulate entrepreneurship; and they will help restore the local tax revenue base to these communities;

(5) Enterprise Zones have been tested in 37 States since 1982 and have proven to be successful, having generated capital investments in poor neighborhoods in excess of $28,000,000,000 and having created more than 258,000 jobs; and

(6) Enterprise Zones have been endorsed by, among others, the National Governors Association, the National Council of State Legislators, the Council of Black State Legislators, the Conference of Mayors, and the Conference of Black Mayors.

(b) SENSE OF THE SENATE.—It is the sense of the Senate that—

(1) Enterprise Zones are a vital, proven tool for inner-city revitalization; and

(2) Congress should adopt Federal enterprise zone legislation and that such legislation should include the following provisions:

(A) Competitive designation which will maximize State and local participation;

(B) Tax incentives addressing both capital and labor costs;

(C) Tax incentives aimed at attracting investment in small business; and

(D) Tax incentives to encourage the hiring and training of economically disadvantaged individuals.

DEPARTMENT OF TRANSPORTATION

FEDERAL TRANSIT ADMINISTRATION

49 USC app. 1607a note.

For fiscal years 1992 and 1993, funds provided under section 9 of the Federal Transit Act shall be exempt from requirements for any non-Federal share, in the same manner as specified in section 1054 of Public Law 102–240.

(a) FINDINGS.—Congress finds that—

(2) repeated operating losses due to natural disasters have placed agricultural producers in financial stress and have caused increased loan delinquencies to agricultural lenders;

(3) the economics of communities in affected areas have been depressed as a result of crop failures; and

(4) the matter under the heading "COMMODITY CREDIT CORPORATION" of chapter III of title I of Public Law 102–229 (105 Stat. 1712) grants the President the authority to declare $755,000,000 as emergency appropriations for agricultural disasters during the 1990 through 1992 crop years.

(b) SENSE OF CONGRESS.—It is the sense of Congress that the President should exercise the authority referred to in subsection (a)(4) to make emergency designations for rural agricultural disasters, as well as the urban disasters in Chicago and Los Angeles.

SEC. 103. TECHNICAL CORRECTIONS.

Section 115 of title 23, United States Code, is amended—

(1) by striking the heading of subsection (a) and inserting the following new heading: "SUBSTITUTE, CONGESTION MITIGATION AND AIR QUALITY IMPROVEMENT, SURFACE TRANSPORTATION, BRIDGE, PLANNING, AND RESEARCH PROJECTS";

(2) in subsection (a)—

(A) by striking clause (i) of paragraph (1)(A) and inserting the following new clause:

No applications may be approved which will exceed the State's expected apportionment of such authorizations.".

June 23, 1992
[H.J. Res. 442]

Whereas the National Safety Council reported that about 850,000 Americans died in 1990 as a result of accidents and heart disease;
Whereas accidents are the leading cause of death for children and youth ages 1 to 24 years;
Whereas drowning and choking are a leading cause of accidental death in children under the age of 5 years;
Whereas Rescue Breathing and Cardiopulmonary Resuscitation, commonly referred to as CPR, are life-saving techniques that significantly reduce the incidence of sudden death due to accidents and heart disease;

To provide for a settlement of the railroad labor-management disputes between certain railroads and certain of their employees.

Whereas the unresolved labor disputes between certain railroads and certain of their employees represented by certain labor organizations threaten essential transportation services of the United States;

Whereas it is essential to the national interest, including the national health and defense, that essential transportation services be maintained;

Whereas the President, pursuant to the provisions of section 10 of the Railway Labor Act (45 U.S.C. 160), by Executive Orders No. 12794, 12795, and 12796 of March 31, 1992, created Presidential Emergency Boards No. 220, 221, and 222 to investigate the disputes referenced therein and report findings;

Whereas the recommendations of Presidential Emergency Boards No. 220, 221, and 222 issued on May 28, 1992, have not resulted in a settlement of all the disputes referenced therein;

(2) The final paragraph of section 10 of the Railway Labor Act (45 U.S.C. 160) shall apply and be extended for an additional period with respect to each unresolved dispute referred

to in Executive Orders No. 12794, 12795, and 12796 of March 31, 1992, so that no change shall be made by any carrier or employee affected by such unresolved dispute, before a decision is rendered under section 3(d) or the parties have reached agreement, in the conditions out of which such dispute arose as such conditions existed before 12:01 a.m. on June 24, 1992.

SEC. 101. SHORT TITLE.

This title may be referred to as the "Copyright Renewal Act of 1992".

SEC. 102. COPYRIGHT RENEWAL PROVISIONS.

(a) DURATION OF COPYRIGHT: SUBSISTING COPYRIGHTS.—Section 304(a) of title 17, United States Code, is amended to read as follows:

"(a) COPYRIGHTS IN THEIR FIRST TERM ON JANUARY 1, 1978.—(1)(A) Any copyright, the first term of which is subsisting on January 1, 1978, shall endure for 28 years from the date it was originally secured.

"(B) In the case of—

"(i) any posthumous work or of any periodical, cyclopedic, or other composite work upon which the copyright was originally secured by the proprietor thereof, or

"(ii) any work copyrighted by a corporate body (otherwise than as assignee or licensee of the individual author) or by an employer for whom such work is made for hire,

the proprietor of such copyright shall be entitled to a renewal and extension of the copyright in such work for the further term of 47 years.

"(C) In the case of any other copyrighted work, including a contribution by an individual author to a periodical or to a cyclopedic or other composite work—

"(i) the author of such work, if the author is still living,

"(ii) the widow, widower, or children of the author, if the author is not living,

"(iii) the author's executors, if such author, widow, widower, or children are not living, or

"(iv) the author's next of kin, in the absence of a will of the author,

shall be entitled to a renewal and extension of the copyright in such work for a further term of 47 years.

"(2)(A) At the expiration of the original term of copyright in a work specified in paragraph (1)(B) of this subsection, the copyright

shall endure for a renewed and extended further term of 47 years, which—

"(i) if an application to register a claim to such further term has been made to the Copyright Office within 1 year before the expiration of the original term of copyright, and the claim is registered, shall vest, upon the beginning of such further term, in the proprietor of the copyright who is entitled to claim the renewal of copyright at the time the application is made; or

"(ii) if no such application is made or the claim pursuant to such application is not registered, shall vest, upon the beginning of such further term, in the person or entity that was the proprietor of the copyright as of the last day of the original term of copyright.

"(B) At the expiration of the original term of copyright in a work specified in paragraph (1)(C) of this subsection, the copyright shall endure for a renewed and extended further term of 47 years, which—

"(i) if an application to register a claim to such further term has been made to the Copyright Office within 1 year before the expiration of the original term of copyright, and the claim is registered, shall vest, upon the beginning of such further term, in any person who is entitled under paragraph (1)(C) to the renewal and extension of the copyright at the time the application is made; or

"(B) Such an application is not a condition of the renewal and extension of the copyright in a work for a further term of 47 years.

"(4)(A) If an application to register a claim to the renewed and extended term of copyright in a work is not made within 1 year before the expiration of the original term of copyright in a work, or if the claim pursuant to such application is not registered, then a derivative work prepared under authority of a grant of a transfer or license of the copyright that is made before the expiration of the original term of copyright may continue to be used under the terms of the grant during the renewed and extended term of copyright without infringing the copyright, except that such use does not extend to the preparation during such renewed and extended term of other derivative works based upon the copyrighted work covered by such grant.

"(B) If an application to register a claim to the renewed and extended term of copyright in a work is made within 1 year before

its expiration, and the claim is registered, the certificate of such registration shall constitute prima facie evidence as to the validity of the copyright during its renewed and extended term and of the facts stated in the certificate. The evidentiary weight to be accorded the certificates of a registration of a renewed and extended term of copyright made after the end of that 1-year period shall be within the discretion of the court.".

Public Law 102-309
102d Congress

Joint Resolution

To designate the month of September 1992 as "National Spina Bifida Awareness Month".

June 30, 1992
[H.J. Res. 470]

Whereas spina bifida is the most frequently occurring and permanently disabling birth defect of newborns, occurring in one of every one thousand live births in the United States;

Whereas between 1980 and 1989, 18,000 children were born with spina bifida in the United States and of that number 13,500 have survived;

Whereas spina bifida occurs more often than Cystic Fibrosis, Multiple Sclerosis, Muscular Dystrophy, and polio combined;

Whereas spina bifida is a birth defect in the spinal column resulting when the spinal cord fails to close completely during prenatal development;

Whereas spina bifida may result in varying degrees of paralysis, loss of sensation in the lower limbs, and bladder and bowel complications, and often is accompanied by hydrocephalus;

Whereas the cause of spina bifida is not known but the cause appears to be the result of multiple environmental and genetic factors;

Whereas although most of the March of Dimes and Easter Seal poster children have spina bifida, many people across this Nation have not heard of the defect and its debilitating consequences for children;

Whereas only a few cities in the United States have proper care centers and specialized professionals that can provide the most effective, aggressive treatment for children and adults with spina bifida; and

Whereas an increase in the national awareness of the problem of spina bifida may stimulate the interest and concern of the American people, which may lead, in turn, to increased research into the needs of individuals with spina bifida and the prevention of spina bifida: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the month of September 1992 is designated "National Spina Bifida Awareness Month", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe that month with appropriate ceremonies and activities.

42 USC 1786 note.

SECTION 1. SHORT TITLE.

This Act may be cited as the "WIC Farmers' Market Nutrition Act of 1992".

SEC. 2. PURPOSE.

The purpose of this Act is to authorize grants to be made to State programs designed to—

(1) provide resources to women, infants, and children who are nutritionally at risk in the form of fresh nutritious unprepared foods (such as fruits and vegetables), from farmers' markets; and

(2) expand the awareness and use of farmers' markets and increase sales at such markets.

SEC. 3. WIC FARMERS' MARKET NUTRITION PROGRAM.

Subsection (m) of section 17 of the Child Nutrition Act of 1966 (42 U.S.C. 1786(m)) is amended to read as follows:

"(m)(1) Subject to the availability of funds appropriated for the purposes of this subsection, and as specified in this subsection, the Secretary shall award grants to States that submit State plans that are approved for the establishment or maintenance of programs designed to provide recipients of assistance under subsection (c), or those who are on the waiting list to receive the assistance, with coupons that may be exchanged for fresh, nutritious, unprepared foods at farmers' markets, as defined in the State plans submitted under this subsection.

"(2) A grant provided to any State under this subsection shall be provided to the chief executive officer of the State, who shall—

"(A) designate the appropriate State agency or agencies to administer the program in conjunction with the appropriate nonprofit organizations; and

"(B) ensure coordination of the program among the appropriate agencies and organizations.

"(3) The Secretary shall not make a grant to any State under this subsection unless the State agrees to provide State, local, or private funds for the program in an amount that is equal to not less than 30 percent of the total cost of the program, which may be satisfied from State contributions that are made for similar programs.

"(4) Subject to paragraph (6), the Secretary shall establish a formula for determining the amount of the grant to be awarded under this subsection to each State for which a State plan is approved under paragraph (6), according to the number of recipients

proposed to participate as specified in the State plan. In determining the amount to be awarded to new States, the Secretary shall rank order the State plans according to the criteria of operation set forth in this subsection, and award grants accordingly. The Secretary shall take into consideration the minimum amount needed to fund each approved State plan, and need not award grants to each State that submits a State plan.

"(5) Each State that receives a grant under this subsection shall ensure that the program for which the grant is received complies with the following requirements:

"(A) Individuals who are eligible to receive Federal benefits under the program shall only be individuals who are receiving assistance under subsection (c), or who are on the waiting list to receive the assistance.

"(B) Construction or operation of a farmers' market may not be carried out using funds—

"(i) provided under the grant; or

"(ii) required to be provided by the State under paragraph (3).

"(C) The value of the Federal share of the benefits received by any recipient under the program may not be—

"(i) less than $10 per year; or

"(ii) more than $20 per year.

"(D) The coupon issuance process under the program shall be designed to ensure that coupons are targeted to areas with—

"(i) the highest concentration of eligible individuals;

"(ii) the greatest access to farmers' markets; and

"(iii) certain characteristics, in addition to those described in clauses (i) and (ii), that are determined to be relevant by the Secretary and that maximize the availability of benefits to eligible individuals.

"(E) The coupon redemption process under the program shall be designed to ensure that the coupons may be—

"(i) redeemed only by producers authorized by the State to participate in the program; and

"(ii) redeemed only to purchase fresh nutritious unprepared food for human consumption.

"(F)(i) Except as provided in clauses (ii) and (iii), the State may use for administration of the program in any fiscal year not more than 15 percent of the total amount of program funds.

"(ii) During the first fiscal year for which a State receives assistance under this subsection, the Secretary shall permit the State to use 2 percent of the total program funds for administration of the program in addition to the amount the State is permitted to use under clause (i). During any fiscal year other than the first fiscal year for which a State receives assistance under this subsection, upon the showing by the State of financial need, the Secretary may permit the State to use not more than 2 percent of the total program funds for administration of the program in addition to the amount the State is permitted to use under clause (i).

"(iii) The provisions of clauses (i) and (ii) with respect to the use of program funds for the administration of the program shall not apply to any funds that a State may contribute in excess of the funds used by the State to meet the requirements of paragraph (3).

"(G) The State shall ensure that no State or local taxes are collected within the State on purchases of food with coupons distributed under the program.

"(6)(A) Each State that received assistance under the demonstration program authorized by this subsection in a fiscal year ending before October 1, 1991, shall receive assistance under this subsection if the State complies with the requirements established by this subsection, as determined by the Secretary.

"(B)(i) Subject to the availability of appropriations, if a State provides the amount of matching funds required under paragraph (3), the State shall receive assistance under this subsection in an amount that is not less than the amount of such assistance that the State received in the most recent fiscal year in which it received such assistance.

"(ii) If amounts appropriated for any fiscal year pursuant to the authorization contained in paragraph (10) for grants under this subsection are not sufficient to pay to each State for which a State plan is approved under paragraph (6) the amount that the Secretary determines each such State is entitled to under this subsection, each State's grant shall be ratably reduced, except that (if sufficient funds are available) each State shall receive at least $50,000 or the amount that the State received for the prior fiscal year if that amount is less than $50,000.

"(C) In providing funds to serve additional recipients in a State that received assistance under this subsection in the previous fiscal year, the Secretary shall consider—

"(i) the availability of any such assistance not spent by the State during the program year for which the assistance was received;

"(ii) documentation that justifies the need for an increase in participation; and

"(iii) demonstrated ability to satisfactorily operate the existing program.

"(D)(i) A State that desires to receive a grant under this subsection shall submit, for each fiscal year, a State plan to the Secretary at such time and in such manner as the Secretary may reasonably require.

"(ii) Each State plan submitted under this paragraph shall contain—

"(I) the estimated cost of the program and the estimated number of individuals to be served by the program;

"(II) a description of the State plan for complying with the requirements established in paragraph (5); and

"(III) criteria developed by the State with respect to authorization of producers to participate in the program.

"(iii) The criteria developed by the State as required by clause (ii)(III) shall require any authorized producer to sell fresh nutritious unprepared foods (such as fruits and vegetables) to recipients, in exchange for coupons distributed under the program.

"(E) The Secretary shall establish objective criteria for the approval and ranking of State plans submitted under this paragraph.

"(F) In approving and ranking State plans submitted under this paragraph, the Secretary shall—

"(i) favorably consider a State's prior experiences with this or similar programs;

"(ii) favorably consider a State's operation of a similar program with State or local funds that can present data concerning the value of the program;

"(iii) require that if a State receiving a grant under this section applies the Federal grant to a similar program operated in the previous fiscal year with State or local funds, the State shall not reduce in any fiscal year the amount of State and local funds available to the program in the preceding fiscal year after receiving funds for the program under this subsection;

"(iv) give preference to State plans that would serve areas in the State that have—

"(I) the highest concentration of eligible persons;

"(II) the greatest access to farmers' markets;

"(III) broad geographical area;

"(IV) the greatest number of recipients in the broadest geographical area within the State; and

"(V) any other characteristics, as determined appropriate by the Secretary, that maximize the availability of benefits to eligible persons; and

"(v) take into consideration the amount of funds available and the minimum amount needed by each applicant State to successfully operate the program.

"(G)(i) An amount equal to 45 to 55 percent of the funds available after satisfying the requirements of subparagraph (B) shall be made available to States participating in the program that wish to serve additional recipients, and whose State plan to do so is approved by the Secretary. If this amount is greater than that necessary to satisfy the approved State plans for additional recipients, the unallocated amount shall be applied toward satisfying any unmet need of States that have not participated in the program in the prior fiscal year, and whose State plans have been approved.

"(ii) An amount equal to 45 to 55 percent of the funds available after satisfying the requirements of subparagraph (B) shall be made available to States that have not participated in the program in the prior fiscal year, and whose State plans have been approved by the Secretary. If this amount is greater than that necessary to satisfy the approved State plans for new States, the unallocated amount shall be applied toward satisfying any unmet need of States that desire to serve additional recipients, and whose State plans have been approved.

"(iii) In any fiscal year, any funds that remain unallocated after satisfying the requirements of clauses (i) and (ii) shall be reallocated in the following fiscal year according to procedures established pursuant to paragraph (10)(B)(ii).

"(7)(A) The value of the benefit received by any recipient under any program for which a grant is received under this subsection may not affect the eligibility or benefit levels for assistance under other Federal or State programs.

"(B) Any programs for which a grant is received under this subsection shall be supplementary to the food stamp program carried out under the Food Stamp Act of 1977 (7 U.S.C. 2011 et seq.) and to any other Federal or State program under which foods are distributed to needy families in lieu of food stamps.

"(8) For each fiscal year, the Secretary shall collect from each State that receives a grant under this subsection information relating to—

"(A) the number and type of recipients served by both Federal and non-Federal benefits under the program for which the grant is received;

"(B) the rate of redemption of coupons distributed under the program;

"(C) the average amount distributed in coupons to each recipient;

"(D) when practicable, the impact on the nutritional status of recipients by determining the change in consumption of fresh fruits and vegetables by recipients;

"(E) the effects of the program on the use of farmers' markets and the marketing of agricultural products at such markets and when practicable, the effects of the program on recipients' awareness regarding farmers' markets; and

"(F) any other information determined to be necessary by the Secretary.

"(9)(A) The Secretary shall submit to the Committee on Education and Labor and the Committee on Agriculture of the House of Representatives and the Committee on Agriculture, Nutrition, and Forestry of the Senate a compilation of the information collected under paragraph (8).

"(B) The compilation required by subparagraph (A) shall be submitted on or before April 1, 1994.

"(10)(A) There are authorized to be appropriated to carry out this subsection $3,000,000 for fiscal year 1992, $6,500,000 for fiscal year 1993, and $8,000,000 for fiscal year 1994.

"(B)(i)(I) Except as provided in subclause (II), each State shall return to the Secretary any funds made available to the State that are unobligated at the end of the fiscal year for which the funds were originally allocated. The unexpended funds shall be returned to the Secretary by February 1st of the following fiscal year.

"(II) Notwithstanding any other provision of this subsection, a total of not more than 5 percent of funds made available to a State for any fiscal year may be expended by the State to reimburse expenses incurred for a program assisted under this subsection during the preceding fiscal year or may be retained by the State to reimburse expenses expected to be incurred for such a program during the succeeding fiscal year.

"(ii) The Secretary shall establish procedures to reallocate funds that are returned under clause (i). Funds that remain unexpended at the end of any demonstration project authorized by this subsection (as it existed on September 30, 1991) shall be reallocated in a similar manner.

"(11) For purposes of this subsection:

"(B) The term 'program' means—

Joint Resolution

July 2, 1992
[H.J. Res. 499]

Designating July 2, 1992, as "National Literacy Day".

Whereas literacy is a necessary tool for survival in our society;
Whereas forty-two million Americans today read at a level which is less than necessary for full survival needs;
Whereas there are thirty million adults in the United States who cannot read, whose resources are left untapped, and who are unable to offer their full contribution to society;
Whereas illiteracy is growing rapidly, as two million three hundred thousand persons, including one million two hundred thousand legal and illegal immigrants, one million high school dropouts, and one hundred thousand refugees, are added to the pool of illiterates annually;
Whereas the annual cost of illiteracy to the United States in terms of welfare expenditures, crime, prison expenses, lost revenues, and industrial and military accidents has been estimated at $225,000,000,000;
Whereas the competitiveness of the United States is eroded by the presence in the workplace of millions of Americans who are functionally or technologically illiterate;
Whereas there is a direct correlation between the number of illiterate adults unable to perform at the standard necessary for available employment and the money allocated to child welfare and unemployment compensation;
Whereas the percentage of illiterates in proportion to population size is higher for blacks and Hispanics, resulting in increased economic and social discrimination against these minorities;
Whereas the prison population represents the single highest concentration of adult illiteracy;
Whereas one million children in the United States between the ages of twelve and seventeen cannot read above a third grade level, 13 per centum of all seventeen-year-olds are functionally illiterate, and 15 per centum of graduates of urban high schools read at less than a sixth grade level;
Whereas 85 per centum of the juveniles who appear in criminal court are functionally illiterate;
Whereas the 47 per centum illiteracy rate among black youths is expected to increase;
Whereas one-half of all heads of households cannot read past the eighth grade level and one-third of all mothers on welfare are functionally illiterate;
Whereas the cycle of illiteracy continues because the children of illiterate parents are often illiterate themselves because of the lack of support they receive from their home environment;
Whereas Federal, State, municipal, and private literacy programs have only been able to reach 5 per centum of the total illiterate population;
Whereas it is vital to call attention to the problem of illiteracy, to understand the severity of the problem and its detrimental

effects on our society, and to reach those who are illiterate and unaware of the free services and help available to them; and

Whereas it is also necessary to recognize and thank the thousands of volunteers who are working to promote literacy and provide support to the millions of illiterates in need of assistance: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That July 2, 1992, is designated as "National Literacy Day", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe such day with appropriate ceremonies and activities.

under regulations prescribed by the Secretary, the tax imposed by this chapter for the taxable year (in which the increase in vesting first occurs) shall be increased by the reduction in tax which resulted from the special lump sum treatment (and any election under paragraph (4)(B) shall not be taken into account for purposes of determining whether the employee may make another election under paragraph (4)(B)).

"(C) SPECIAL LUMP SUM TREATMENT.—For purposes of this paragraph, special lump sum treatment applies to any distribution if any portion of such distribution is taxed under the subsection by reason of an election under paragraph (4)(B).

Joint Resolution

Designating the week beginning July 26, 1992 as "Lyme Disease Awareness Week".

July 8, 1992
[H.J. Res. 459]

Whereas Lyme disease (borreliosis) is spread primarily by the bite of four types of ticks infected with the bacteria Borrelia burgdorferi;

Whereas Lyme disease-carrying ticks can be found across the country—in woods, mountains, beaches, even in our yards, and no effective tick control measures currently exist;

Whereas infected ticks can be carried by animals such as cats, dogs, horses, cows, goats, birds, and transferred to humans;

Whereas our pets and livestock can be infected with Lyme disease by ticks;

Whereas Lyme disease was first discovered in Europe in 1883 and scientists have recently proven its presence on Long Island as early as the 1940's;

Whereas Lyme disease was first found in Wisconsin in 1969, and derives its name from the diagnosis of a cluster of cases in the mid-1970's in Lyme, Connecticut;

Whereas forty-nine States reported more than 40,000 cases of Lyme disease from 1982 through 1991;

Whereas Lyme disease knows no season—the peak west coast and southern season is November to June, the peak east coast and northern season is April to October, and victims suffer all year round;

Whereas Lyme disease, easily treated soon after the bite with oral antibiotics, can be difficult to treat (by painful intravenous injections) if not discovered in time, and for some may be incurable;

Whereas Lyme disease is difficult to diagnose because there is no reliable test that can directly detect when the infection is present;

Whereas the early symptoms of Lyme disease may include rashes, severe headaches, fever, fatigue, and swollen glands;

Whereas if left untreated Lyme disease can affect every body system causing severe damage to the heart, brain, eyes, joints, lungs, liver, spleen, blood vessels, and kidneys;

Whereas the bacteria can cross the placenta and affect fetal development;

Whereas our children are the most vulnerable and most widely affected group;

Whereas the best cure for Lyme disease is prevention;

Whereas prevention of Lyme disease depends upon public awareness; and

Whereas education is essential to making the general public, health care professionals, employers, and insurers more knowledgeable about Lyme disease and its debilitating side effects: Now, therefore, be it

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the week beginning July 26, 1992 is designated as "Lyme Disease Awareness Week", and the President is authorized and requested to issue a proclamation calling upon the people of the United States to observe such week with appropriate programs, ceremonies, and activities.

"(d) LIMITATION REGARDING DIRECT TREATMENT SERVICES.—The Director may not make a grant under subsection (a) unless the State involved agrees that the grant will be expended only for the direct provision of treatment services. The preceding sentence may not be construed to authorize the expenditure of such a grant for the planning or evaluation of treatment services.

"(4) DATE CERTAIN FOR ISSUANCE OF REGULATIONS; FAILURE OF SECRETARY.—The Secretary shall issue the final rule for purposes of the regulations required in paragraph (1), and such rule shall be effective, not later than the expiration of the 180-day period beginning on the date of the enactment of the ADAMHA Reorganization Act. Whereas, in 1917, the first civilian aeronautical research laboratory of the National Advisory Committee for Aeronautics (NACA) was established in Hampton, Virginia;

Whereas such laboratory, now called the NASA Langley Research Center (hereafter referred to in this Resolution as the "Center"), occupies 787 acres of government-owned land;

Whereas the official groundbreaking ceremonies for the Center were held on July 17, 1917;

Whereas the Center is the United States Government's oldest, most prolific and most honored aerospace laboratory;

Whereas the Center supports the Nation by studying the basic problems of flight, selecting certain of those problems for investigation, and following up with practical solutions to such problems through long-term research and test programs;

Whereas the first United States manned space program, Project Mercury, began at the Center in 1958;

Whereas the Center supports investigations and research in space technology and advanced space transportation systems, designs concepts for large space structures, and develops research hardware and conducts experiments in space;

Whereas the Center makes major contributions to national atmospheric research such as developing satellite experiments, modeling the atmosphere and analyzing climate observations;

Whereas from the beginning, people have been the most important resource of the Center with over 3,000 civil servants and over 2,200 contract personnel university researchers and United States Army helicopter research personnel currently working at NASA Langley;

Whereas the Center is comprised of many facilities unique in the world of aerospace research, five of which have been designated as National Historic Landmarks by the Department of the Interior; and

Whereas the Center is one of the leading aerospace research laboratories in the world and has consistently been a source of technology that has made aerospace a major factor in commerce and national defense: Now, therefore, be it

and involving the denial, withdrawal, or termination of accreditation of the institution of higher education, shall be brought in the appropriate United States district court.

"(g) LIMITATION ON SCOPE OF STANDARDS.—Nothing in this Act shall be construed to permit the Secretary to establish standards for accrediting agencies or associations that are not required by this section. Nothing in this Act shall be construed to prohibit or limit any accrediting agency or association from adopting additional standards not provided for in this section.

"(h) CHANGE OF ACCREDITING AGENCY.—The Secretary shall not recognize the accreditation of any otherwise eligible institution of higher education if the institution of higher education is in the process of changing its accrediting agency or association, unless the eligible institution submits to the Secretary all materials relating to the prior accreditation, including materials demonstrating reasonable cause for changing the accrediting agency or association.

"(i) DUAL ACCREDITATION RULE.—The Secretary shall not recognize the accreditation of any otherwise eligible institution of higher education if the institution of higher education is accredited, as an institution, by more than one accrediting agency or association, unless the institution submits to each such agency and association and to the Secretary the reasons for accreditation by more than one such agency or association and demonstrates to the Secretary reasonable cause for its accreditation by more than one agency or association. "(4) The determination as to whether an institution has met the standards of financial responsibility provided for in paragraphs (2) and (3)(C) shall be based on an audited and certified financial statement of the institution. Such audit shall be conducted by a qualified independent organization or person in accordance with standards established by the American Institute of Certified Public Accountants. Such statement shall be submitted to the Secretary at the time such institution is considered for certification or recertification under this section. If the institution is permitted to be certified (provisionally or otherwise) and such audit does not establish compliance with paragraph (2), the Secretary may require that additional audits be submitted.

"(5)(A) The Secretary shall establish requirements for the maintenance by an institution of higher education of sufficient cash reserves to ensure repayment of any required refunds.

"(B) The Secretary shall provide for a process under which the Secretary shall exempt an institution of higher education from the requirements described in subparagraph (A) if the Secretary determines that the institution—

"(5) alternative routes to certification or licensure requirements that do not exclude qualified individuals from teaching solely because such individuals do not meet traditional certification or licensure requirements would allow school systems to take advantage of these professionals and improve the supply of well-qualified teachers.

"(A) assistance provided to the State educational agency under this subpart will be used to supplement, and not to supplant, any State or local funds available for the development and implementation of programs to provide alternative routes to fulfilling teacher certification or licensure requirements;

"(B) the State educational agency has, in developing and designing the application, consulted with—

"(i) representatives of local educational agencies, including superintendents and school board members (including representatives of their professional organizations where applicable);

"(ii) elementary and secondary school teachers, including representatives of their professional organizations;

"(iii) institutions of higher education with schools or departments of education;

"(iv) parents; and

"(v) other interested organizations and individuals; and

"(a) USE OF FUNDS.—

"(1) IN GENERAL.—A State educational agency shall use assistance provided under this subpart to support programs, projects, or activities that develop and implement new, or expand and improve existing, programs that enable individuals to move to a career in education from another occupation through an alternative route to teacher certification or licensure.

"(2) TYPES OF ASSISTANCE.—A State educational agency may carry out such programs, projects, or activities directly, through contracts, or through grants to local educational agencies, intermediate educational agencies, institutions of higher education, or consortia of such agencies.

"(b) USES.—Funds received under this subpart may be used for—

"(1) the design, development, implementation, and evaluation of programs that enable qualified professionals who have demonstrated a high level of subject area competence outside the education profession and are interested in entering the education profession to fulfill State certification or licensure requirements;

"(2) the establishment of administrative structures necessary for the development and implementation of programs to provide alternative routes to fulfilling State requirements for certification or licensure;
